

## **Loretta Boahemaa Manu**

### **Associate Transport Safety Officer (JPO), Division of Radiation, Transport and Waste Safety**

Loretta is from Ghana and has a bachelor's degree in mechanical engineering, as well as a master's degree in Nuclear Engineering and Nuclear Technology. After completing her bachelor's degree, she worked for Newmont Ghana Gold Limited for two years. During her master's programme, her focus was the nuclear fuel cycle and spent fuel management. Loretta's Master's thesis was on neutronics design of a spent fuel cask using Monte Carlo code.
