

Benjamin Bertaux

Consultant, Global Status of Decommissioning Project, IAEA

Benjamin is from France and has a bachelor's degree in engineering, as well as a master's degree in Nuclear Engineering and Engineering Physics. Before working at the Agency, he was a Research Assistant at the University of Bristol and had an internship at the Clinique Victor Hugo in Paris, where he worked on an action plan for sustainable environmental goals for the clinic. He has also worked as an intern at the IAEA in the Decommissioning and Environmental Remediation Section.
