

Chandapiwa Marobela-Raborokgwe

Botswana National Veterinary Laboratory, Botswana

Chandapiwa Marobela-Raborokgwe is a veterinarian with a master's degree in veterinary microbiology and is currently Head of the Botswana National Veterinary Laboratory. In her current position, she coordinates the development and implementation of the laboratory's strategy plan. She also provides laboratory diagnosis of animal diseases and surveillance testing for disease control. Ms Marobela-Raborokgwe conducts testing of samples for food safety and product quality control to ensure competitiveness in the livestock industry.

Since 2012 she has been designated as a World Organization for Animal Health (OIE) expert for contagious bovine pleuropneumonia.
