Mickel Edwerd, Section Head
Division for Africa,
Department of Technical Cooperation

Session objective

- To cover the roles of the various stakeholders in the TC programme
 - Permanent Missions
 - National Liaison Officers (NLO) and National Counterparts
 - Secretariat:
 - TC Department – Programme Management Officer (PMO)
 - Technical Departments – Technical Officers (TO)

TC programme stakeholders

permanent Missions

- Strategic partners in TC programme
- Provide guidance to TC programme through GC resolutions, Board decisions
- Facilitate dialogue with key players and counterparts at national level
 - Communication and coordination
- Awareness raising

National Liaison Officer

Project counterpart

- Leadership in achieving project results
- Formulation of project concept
- Development of project document
- Interaction with stakeholders, partners and project team (project formulation, implementation, monitoring & evaluation and reporting)
- Overall project management of at national level

Department of Technical Cooperation

Programme Management Officer (PMO)

- Staff member from TC Department
- Responsible for managing TC programme in one or more countries of that region.
- May manage regional and/or interregional projects

Core functions of the PMO

- Interlocutor & interface with NLO and project counterparts
- Advises on CPF process, coordinates IAEA input & feedback
- Fosters networks and partnerships with national institutions and UN development agencies
- Assists in formulating country TC programmes, based on Member State's plans
- Manages delivery of IAEA inputs under approved TC projects, based on agreed project work plans; ensures that TCF resources produce expected results

Technical Officer

- Determines technical integrity
- Is actively involved
 - Reviews concepts, designs, implementation
 - Helps develop work plans
 - Monitors progress
 - Ensures implementation: interacts with project counterparts & MSs, provides technical advice

Technical Officer

- Technical support to projects through TC programme
- Expert missions, training courses
 - Defines terms of reference / prospectus
 - Identifies & prepares experts
 - Prepares material (e.g. training)
 - Helps select participants (for training)
 - Reviews & assists with technical reports
- Fellowships: evaluates applications, identifies host institutions, develops training programmes,
- Specifies equipment needed

Communication is key!
