IAEA 60 Years
Atoms for Peace and Development

An Overview of the Technical Cooperation Programme: *Delivering results for peace and development*

Martin Krause
Director, Division for Programme Support and Coordination

IAEA Statute

To accelerate and enlarge the contribution of atomic energy to peace, health and prosperity throughout the world.

IAEA
International Atomic Energy Agency

Mandate and Motto

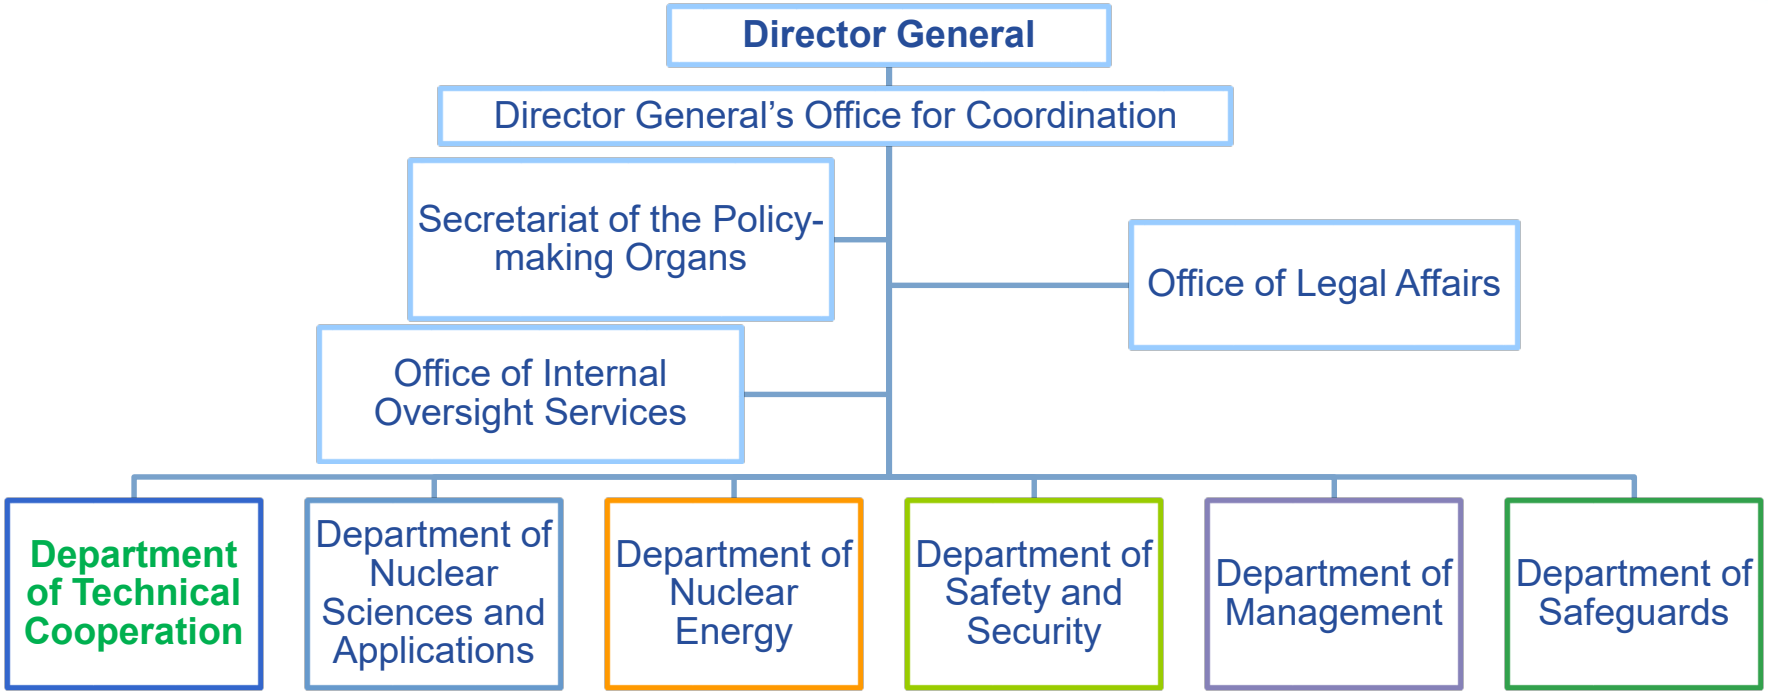
"Our mandate has been summarized as Atoms for Peace. Today, I feel that our mandate could be better understood as Atoms for Peace and Development."

Yukiya Amano, Director General, IAEA

The Technical Cooperation Programme

- Main mechanism for IAEA to deliver services to its Member States
- Support Member States to build capacities in safe and peaceful use of nuclear technology for sustainable socioeconomic development

IAEA Organizational Structure



Areas of Support

Water & Environment

Energy

Health & Nutrition

Food & Agriculture

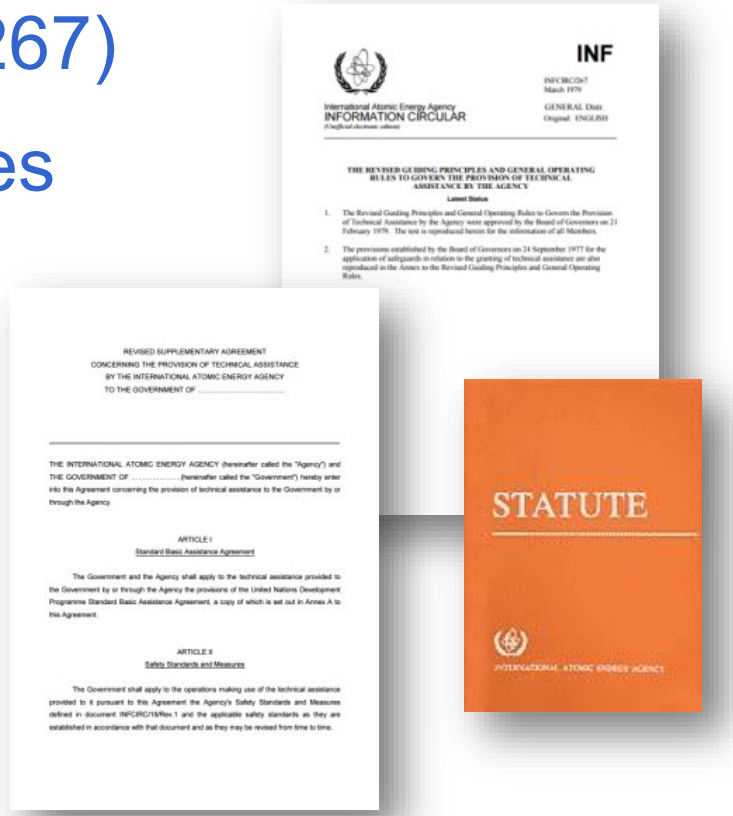
Radiation Technology

Safety

Knowledge Management

Policy Reference

- The Statute
- Revised Supplementary Agreement
- Guiding Principle (INFCIRC/267)
- Decisions of Governing Bodies



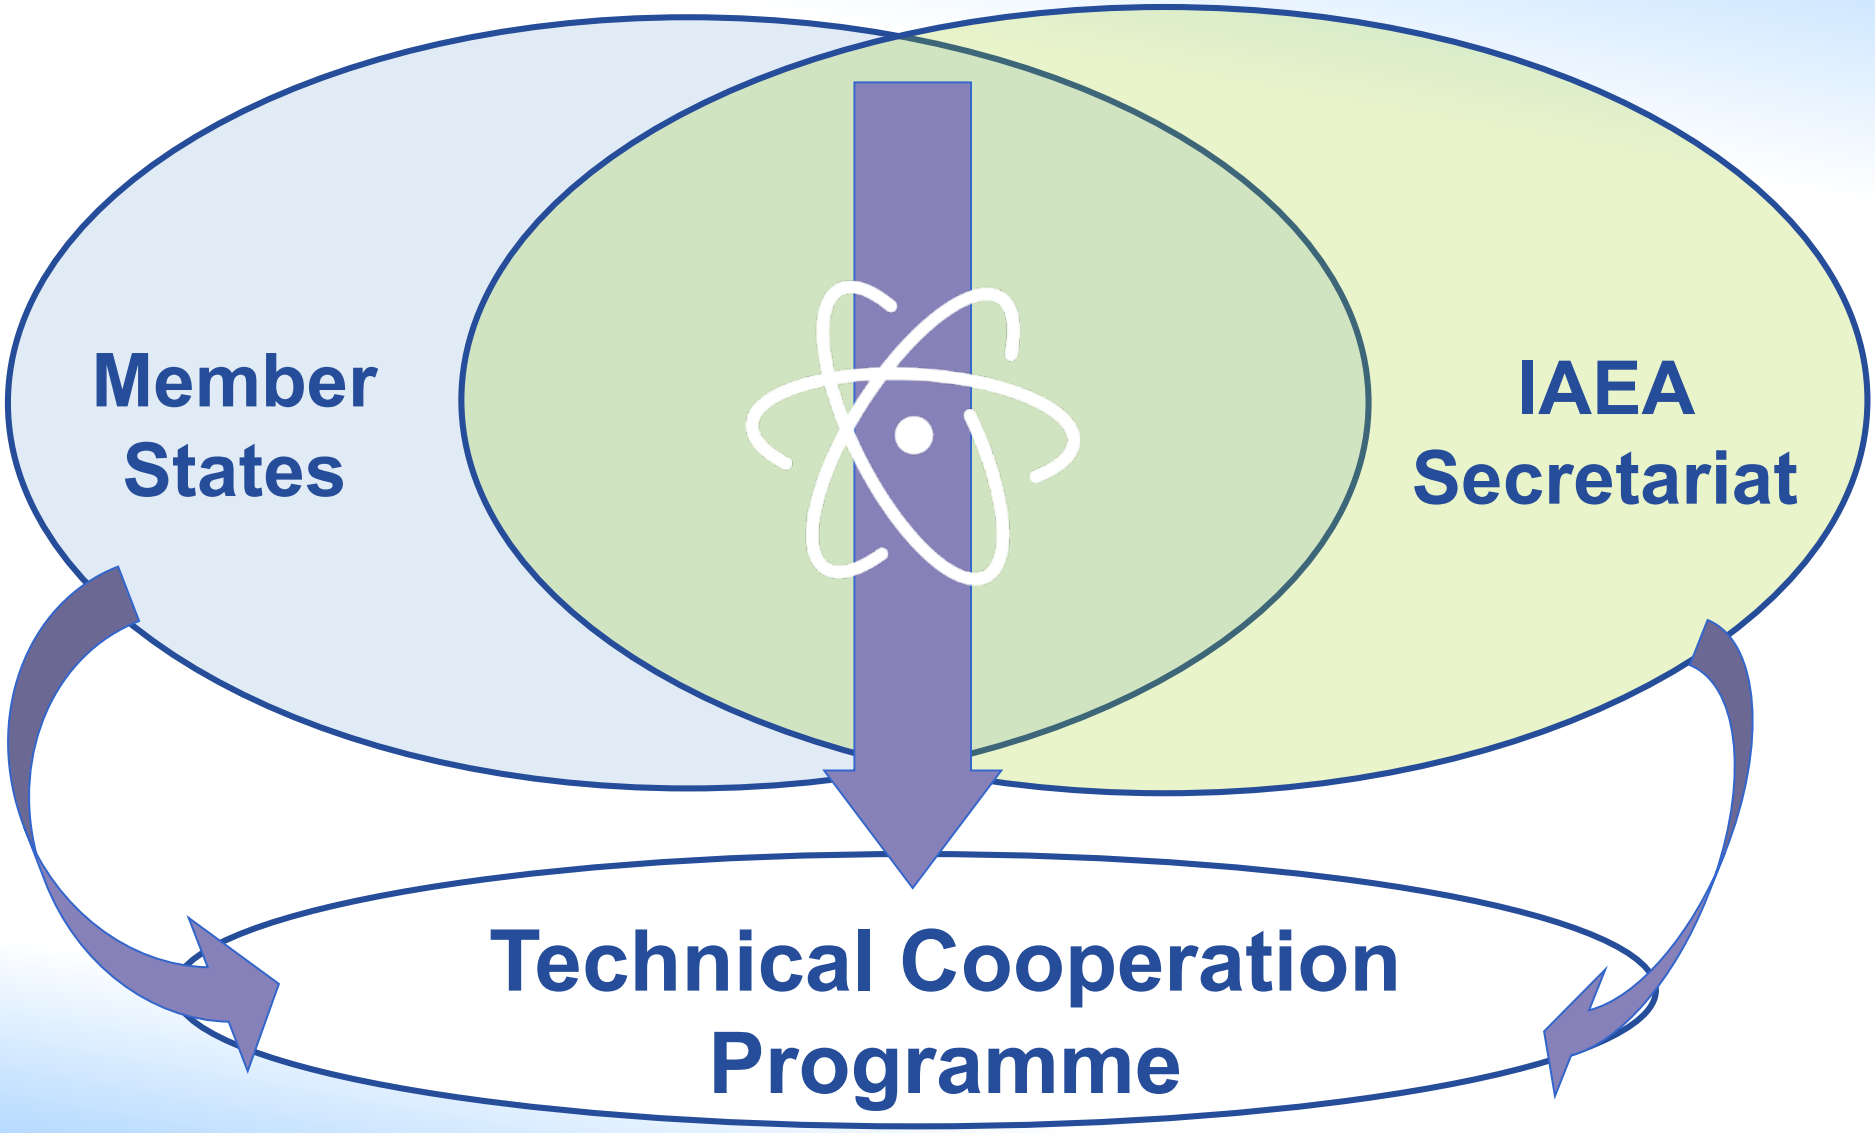
Key Principles for the TC Programme

- Respond to Member States' needs
- Contribute to development goals
- Peaceful use undertaking
- Safety and security
- Shared responsibility
- Transparency
- Partnership building

- National/ Regional/ Interregional Projects

A Shared Responsibility

IAEA 60 Years
Atoms for Peace and Development



Member States' role

- Set policy framework
- Guide TC activities
- Fund TC programme
- Define national and regional priorities
- Participate in and benefit from the TC programme
- Offer training and technical support to other Member States

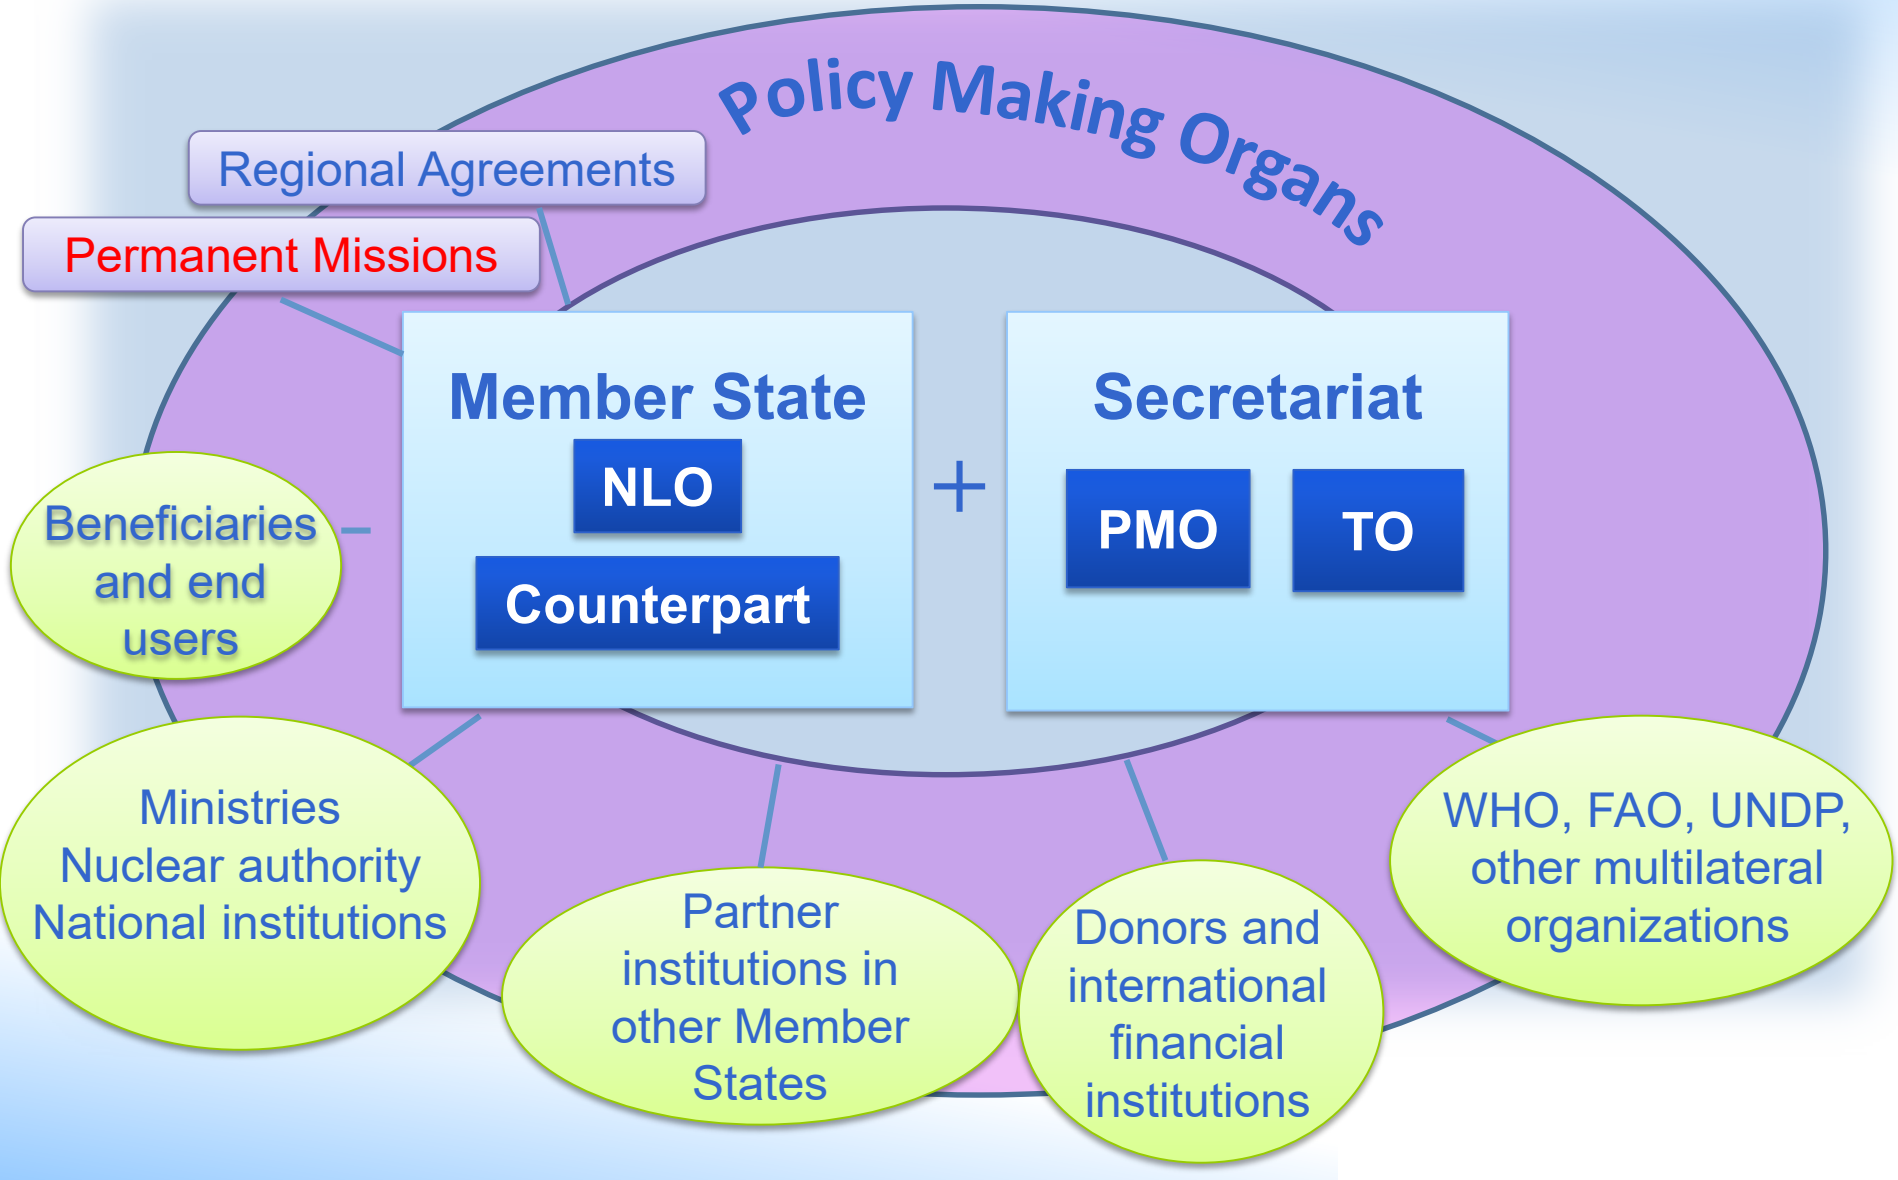
Alignment with Member States' priorities

- Country Programme Framework (CPF)
  - Identify national priorities
  - National Development Plans (linked with SDGs)
- Other important planning input
  - Regional agreements
  - UNDAF

‘One House’ Programme

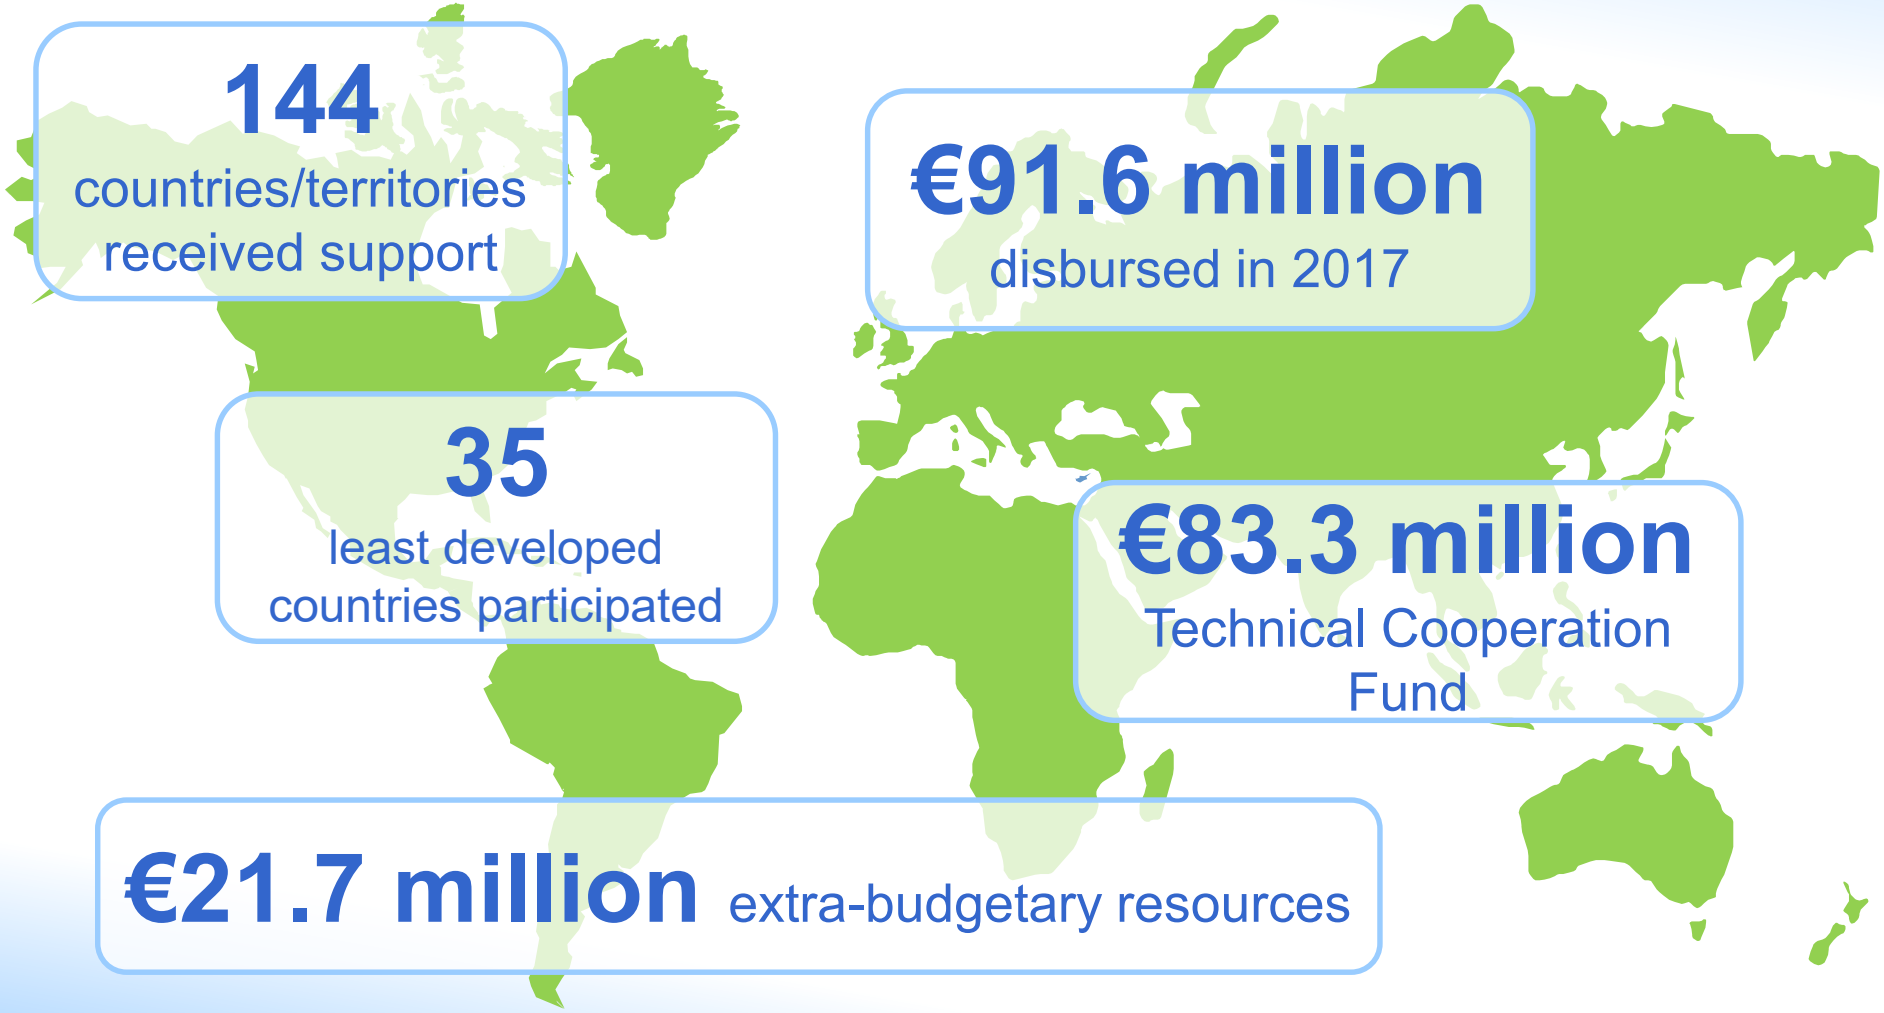
- TC Department (TC)
- Technical Departments (NA, NE, NS)
- Others
  - DG's Office for Coordination (DGOC)
  - Department of Management (MTBF, MTPS….)
  - Department of Safeguards (SG)
  - Office of Legal Affairs (OLA)
  - Secretariat of Policy-Making Organs (PMO)
  - Office of Internal Oversight Services (OIOS)
  - Office of Public Information and Communication (OPIC)

TC Programme Stakeholders



Provision of Services in 2017

IAEA 60 Years Atoms for Peace and Development



144
countries/territories received support

€91.6 million
disbursed in 2017

35
least developed countries participated

€83.3 million
Technical Cooperation Fund

€21.7 million extra-budgetary resources

What services does the TC programme provide?

IAEA 60 Years Atoms for Peace and Development

Fellowship training & scientific visits

Equipment & materials

Training courses & workshops

Capacity building

Networking

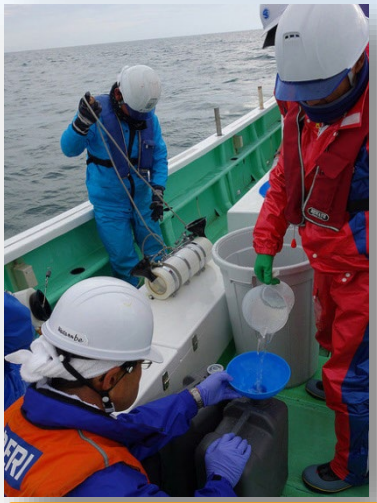
Knowledge sharing

Partnership building

TC Programme aims to support sustainable socioeconomic development in Member States

Technical Cooperation (TC) Projects

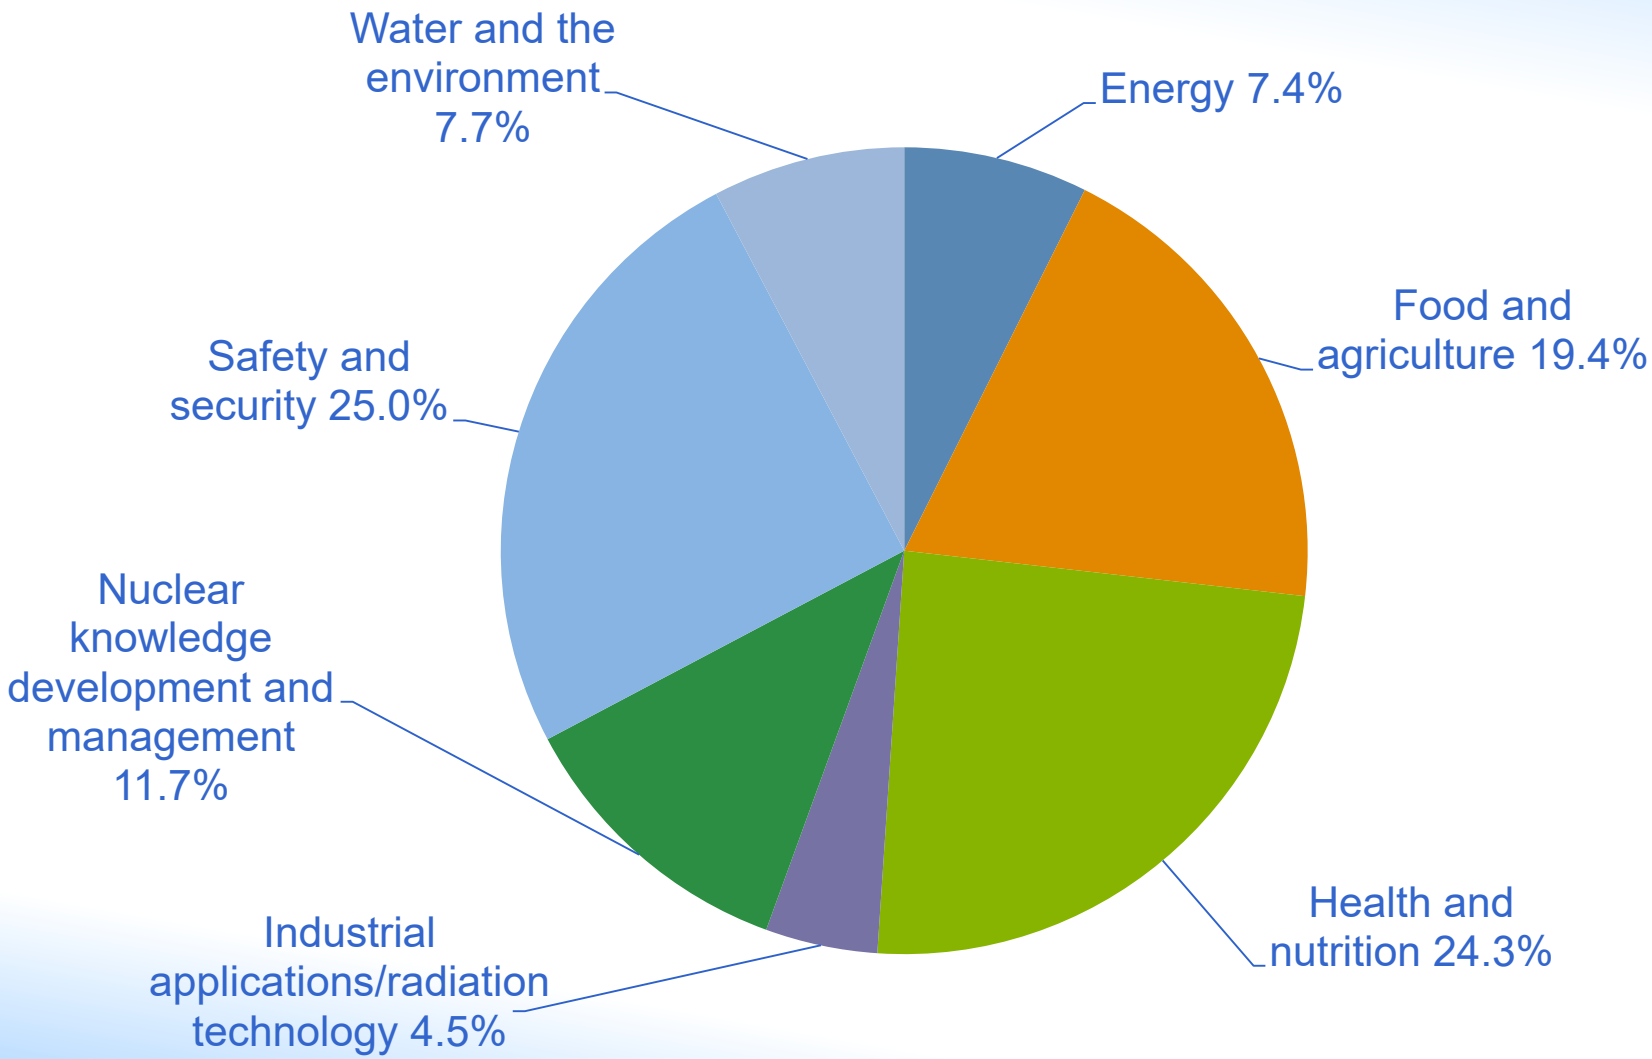
Expert missions



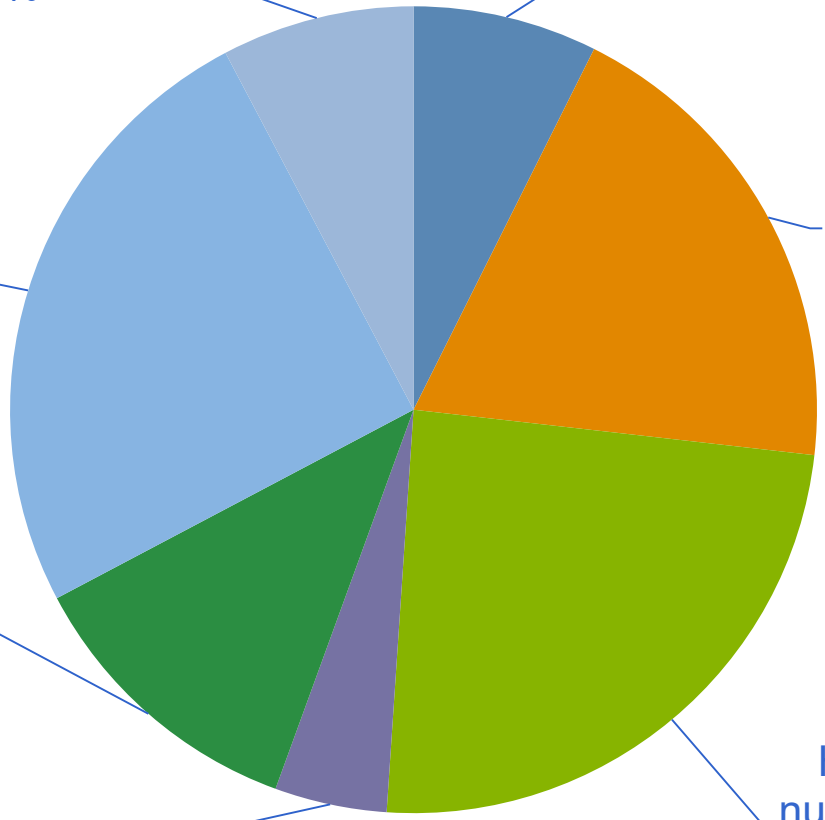
Conferences, symposia & seminars

Provision of Training and Support in 2017

Technical Cooperation: Areas of Activity



Contribution to the SDGs



Water and the environment 7.7%

Energy 7.4%

Food and agriculture 19.4%

Safety and security 25.0%

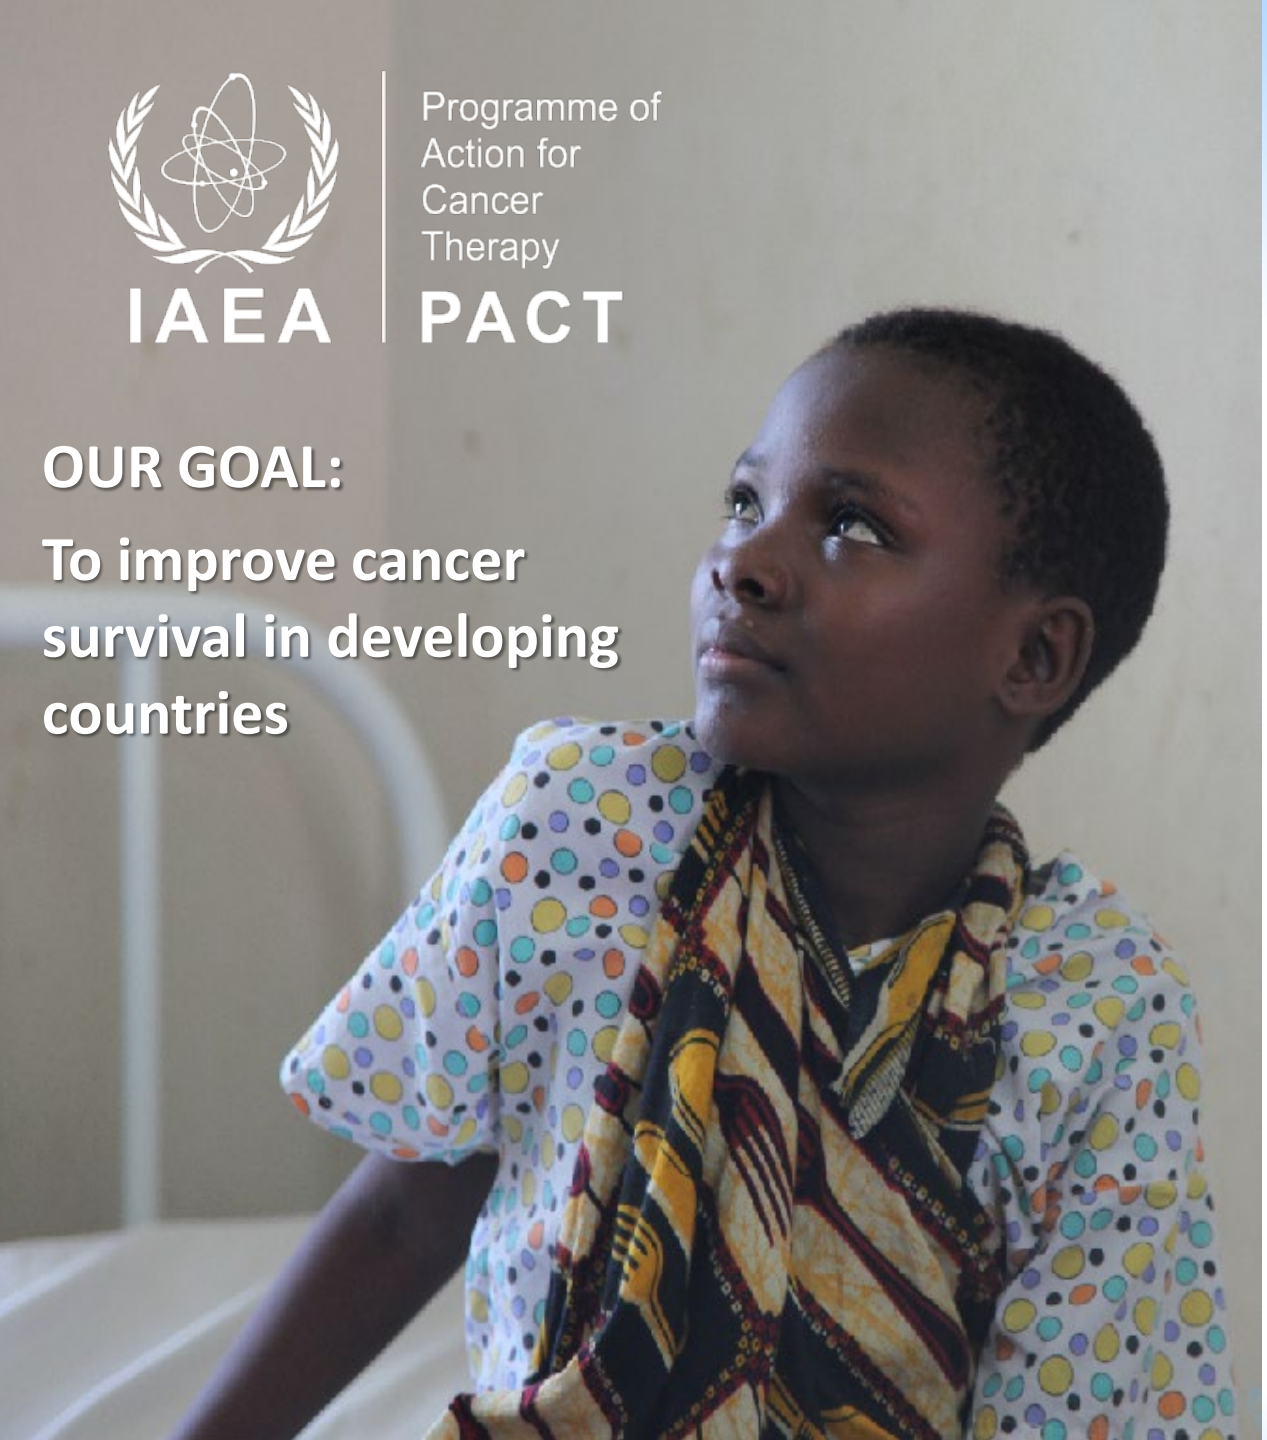
Nuclear knowledge development and management 11.7%

Health and nutrition 24.3%

Industrial applications/radiation technology 4.5%

IAEA | Programme of Action for Cancer Therapy PACT

IAEA 60 Years Atoms for Peace and Development



OUR GOAL:

To improve cancer survival in developing countries

Joint Programme with the World Health Organization:

Applies an **holistic, country level approach** to cancer control

Promotes **integration of radiation medicine** into national cancer control strategies and programmes

PACT support to IAEA Member States

- **Assessing national cancer control capacities**
- **imPACT missions**
- **Strategic partnerships**
- **Capacity building and knowledge transfer**
- **Mobilizing resources**
