

International Atomic Energy Agency Scientific Forum

# A Decade of Action on **Cancer Control** and the Way Forward

---

**17–18 September 2019**  
Vienna International Centre  
Board Room D, C Building, 4th Floor

The IAEA's coordinated  
approach to support  
Member States on  
cancer

**Sayed Ashraf**

Special Assistant to the Director General  
Director General's Office for Coordination  
International Atomic Energy Agency

*“We will strive to continuously improve the services we offer our Member States so they can provide better care – and hope – for their people.”*

**IAEA Director General Yukiya Amano**  
***(World Cancer Day 2018)***

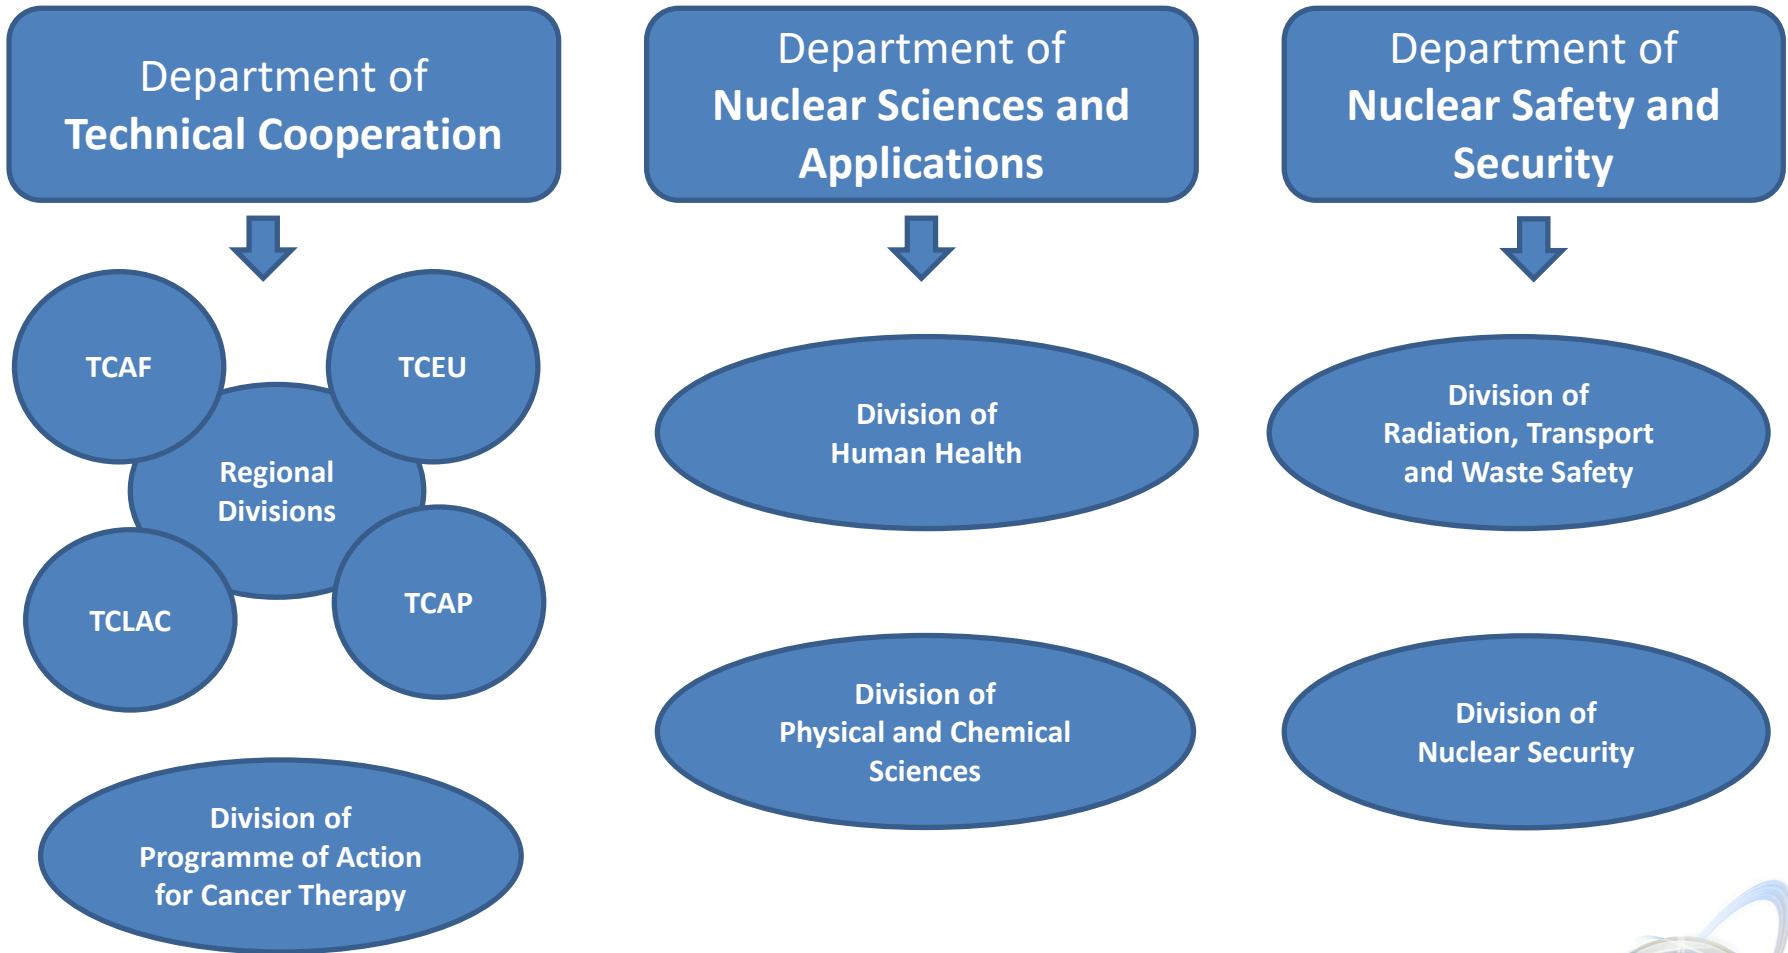

# IAEA support to Member States on cancer

- Assist to plan and build nuclear medicine and radiotherapy facilities
- Provide education and training for oncologists, radiologists, medical physicists, etc.
- Help governments to put national plans in place to offer comprehensive cancer care, including legislative assistance
- Research projects
- Help ensure that both patients and staff are protected

## IAEA Divisions involved in Cancer Control-related Activities

# IAEA's cancer control related activities (1/3)

## Department of Technical Cooperation

### - **Regional Divisions**

- Plan, develop and implement cancer-related TC projects

### - **The Division of the Programme of Action for Cancer Therapy**

- Coordinate imPACT review missions, support Member States to develop NCCPs, raise additional resources for IAEA's cancer-related activities

## IAEA's cancer control related activities (2/3)

### Department of Nuclear Sciences and Applications

#### - **Division of Human Health**

- Implement IAEA's cancer-related activities, including coordinating research projects and developing training materials

#### - **Division of Physical and Chemical Sciences**

- Provision of technical support for establishment of medical cyclotron facilities, radiopharmaceutical production laboratories and hospital radiopharmacy facilities

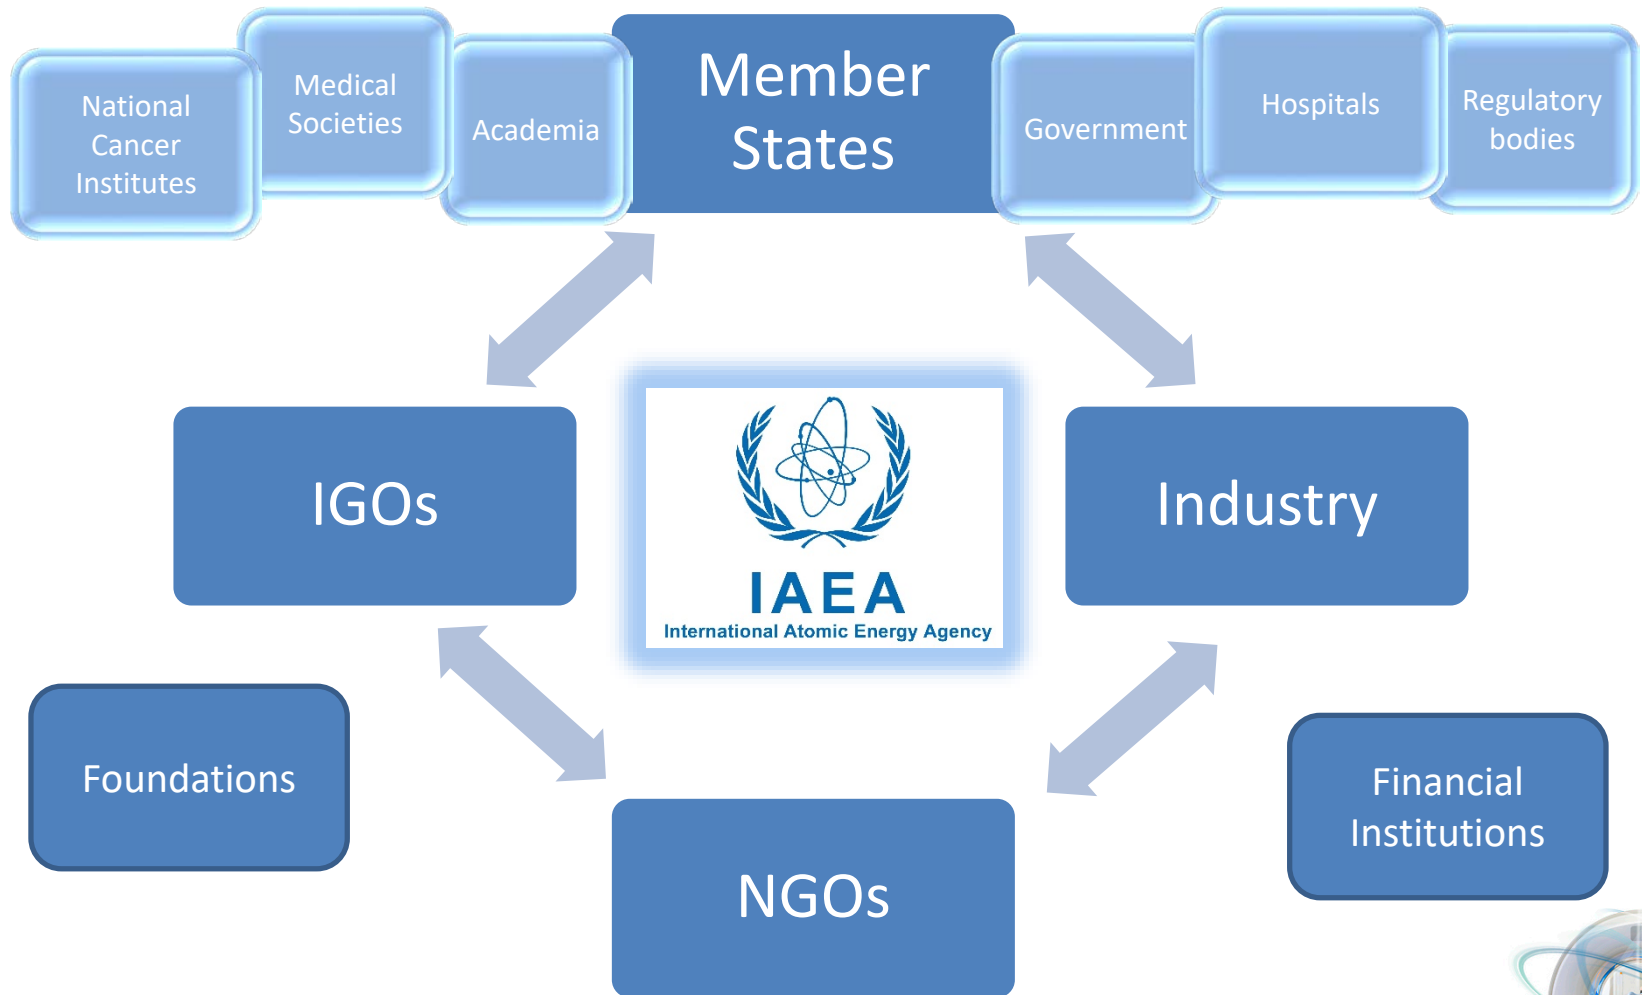

# IAEA's cancer control related activities (3/3)

## Department of Nuclear Safety and Security

- Radiation protection and safety of patients and health workers and security of radioactive sources
- Support TC to ensure that safety and security-related issues are addressed
- Support Member States needs with respect to national legislative and regulatory frameworks

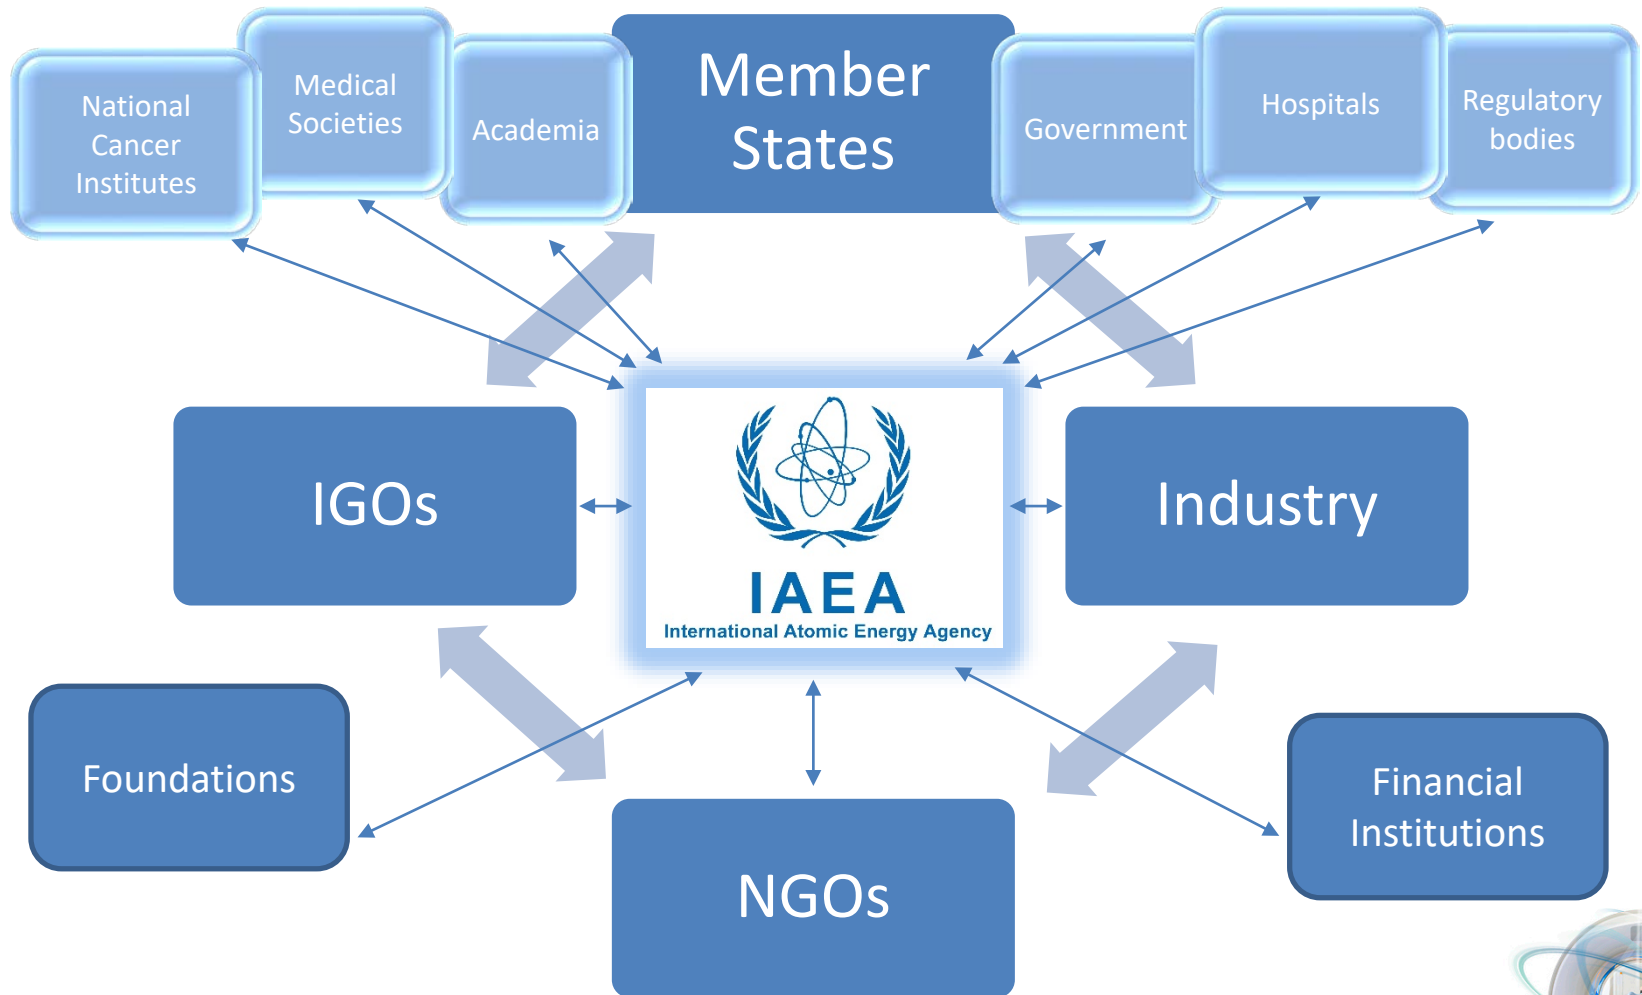

# Coordination of IAEA's Cancer Control-related Activities

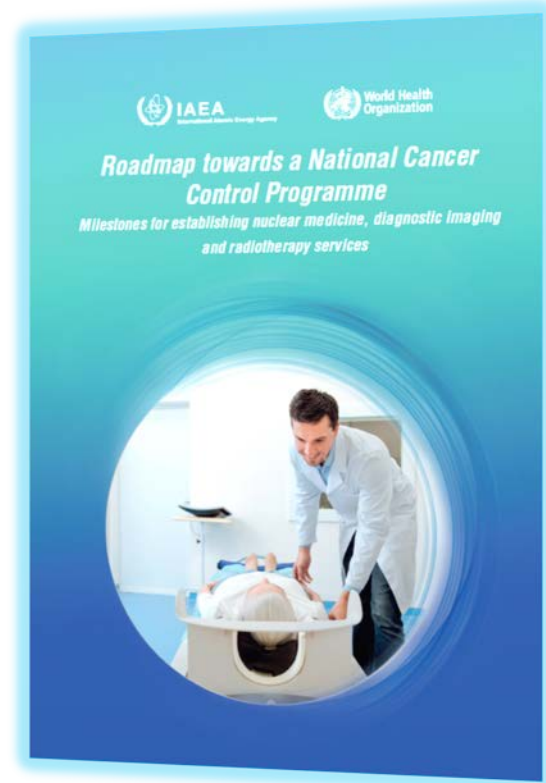

# Coordination of IAEA's Cancer Control-related Activities

# Strengthened Coordination of Cancer control-related activities

- Led by the Director General's Office for Coordination
- Through Cancer Control Coordination Group comprising all relevant Divisions and Offices

Thank you!
