

## **Chae Young Lim**

**Senior Vice President, Korea Atomic Energy Research Institute (KAERI),  
Republic of Korea**

Mr Chae-Young Lim is Senior Vice President for Strategic Planning at the Korea Atomic Energy Research Institute (KAERI), where he was previously in charge of the Nuclear Policy and the Research Project Management Divisions.

Since joining KAERI in 1998, he has been working mainly on studies for drafting national nuclear promotion policy and electricity expansion plans.

He is a member of National Energy Committee, which advises the Minister of Trade, Industry and Energy about major energy policy issues.
