

# Webinar Series: Strengthening safeguards implementation

*The IAEA invites you to participate in a webinar series to explore a variety of ways to improve safeguards implementation. Drawing on the practical experiences of safeguards practitioners, this series will provide an interactive series of sessions, each focused on a particular theme.*

For those sessions you wish to attend, please register for the option with your preferred timing.

Title	Description	Date	Time (CET)	Register here
<b>Strengthening the SSAC</b>	What makes a state system of accounting for and control of nuclear material (SSAC) effective? We will discuss the characteristics of a strong State safeguards infrastructure and share practical tips for enhancing your SSAC.	15 Feb 22	15:00–16:15	<a href="#">Registration</a>
		17 Feb 22	9:30–10:45	<a href="#">Registration</a>
<b>AP Reporting Obligations</b>	Interested in streamlining your process for preparing and submitting additional protocol (AP) declarations? We will demonstrate the use of Protocol Reporter 3 and review States' reporting requirements.	22 Mar 22	15:00–16:15	<a href="#">Registration</a>
		24 Mar 22	9:30–10:45	<a href="#">Registration</a>
<b>LOF Outreach</b>	What is a location outside facilities (LOF)? How can a State identify all LOFs and ensure information received from them is correct and complete? Explore practical outreach strategies.	26 Apr 22	15:00–16:15	<a href="#">Registration</a>
		28 Apr 22	9:30–10:45	<a href="#">Registration</a>
<b>CSA Reporting Obligations</b>	What are States' reporting obligations under a comprehensive safeguards agreement (CSA)? What changes if your small quantity protocol (SQP) is rescinded or becomes non-operational? Find out what you need to know to plan effectively.	17 May 22	15:00–16:15	<a href="#">Registration</a>
		19 May 22	9:30–10:45	<a href="#">Registration</a>
<b>Implementing Safeguards at new NPPs</b>	Embarking on a new nuclear power programme? Listen to the experience of other Member States and get a sense of how you can systematically develop appropriate State and facility infrastructure.	21 Jun 22	15:00–16:15	<a href="#">Registration</a>
		23 Jun 22	9:30–10:45	<a href="#">Registration</a>
<b>SSAC Benchmarking with ISSAS</b>	What are the benefits of requesting an IAEA SSAC and Safeguards Advisory Service (ISSAS) mission? We will look at the newly revised ISSAS guidelines/evaluation methodology and discuss how States can conduct a self-evaluation.	12 Jul 22	15:00–16:15	<a href="#">Registration</a>
		14 Jul 22	9:30–10:45	<a href="#">Registration</a>
