

66th IAEA General Conference

Human Resource Strategies for Gender Equality in Nuclear Organizations

Hybrid Side Event during the 66th IAEA General Conference

Tuesday, 27 September 2022, 15:00-16:30 CEST

Vienna International Center, M7

For virtual participation register [here](#).

This event will present successful HR strategies and opportunities for nuclear leaders to create inclusive talent development. A panel of international experts will present best international HR practices. IAEA staff will showcase the IAEA's experience and progress in outreach and gender parity. In line with the IAEA's commitment to gender equality, as well as United Nations Sustainable Development Goal 5, the IAEA gathers and disseminates good practices to enable gender equality across the nuclear industry.
