

Lucyna Kepka

Professor, Military Institute of Medicine, Warsaw, Poland

Professor Lucyna Kepka is Head of the Department of Radiotherapy at the Military Institute of Medicine in Warsaw, Poland. Her main field of interest is radiotherapy of lung cancer and brain metastases. She has published extensively on the target definition in radiotherapy of lung cancer (postoperative radiotherapy, elective nodal irradiation, hypofractionated radiotherapy with and without chemotherapy for NSCLC, and 4D-radiotherapy planning).

She has performed research on cost-effectiveness in radiotherapy of lung cancer and brain tumours within the projects of the IAEA, and teaches in ESO refresher courses on lung cancer.

She is a member of several national and international research boards and reviewer of several journals in oncology fields and is an editorial board reviewer of Radiotherapy and Oncology.
