

Ricardo Ruggeri

General Technical Director of Oncology, Head of Medical Physics, Director of Residency in Medical Physics of Leben Salud, Member of the CAAR, General Roca, Río Negro, Argentina

Ricardo Miguel Ruggeri is General Technical Director of Oncology at the Centro Oncologico Integral in Patagonia, Argentina, and Chief of the Medical Physics Service. He is also the director of the medical physics residency at the institution accredited by the Universidad Nacional del Comahue and the Argentine Nuclear Regulatory Authority, the first in Latin America.

Within the institution Mr Ruggeri is the referent in the development of new residencies, careers and training courses, including for medical physicists, dosimetrists and nurses from Bolivia and other Latin American countries.

Mr Ruggeri has worked with the IAEA on expert missions including on the "Guidelines for Academic Education and Clinical Training for Medical Physicists in Latin America" and the research project on "Advanced Tools for Quality and Dosimetry of Digital Imaging in Radiology".

In Argentina, Mr Ruggeri is a member of the advisory board of the Nuclear Regulatory Authority, Director of the health and biotechnology committee of Argentina — Texas Chamber of Commerce, and a member of the Argentinean Association of Radiosurgery.
