Effective Nuclear and Radiation Regulatory Systems

Preparing for the Future in a Rapidly Changing Environment

Abu Dhabi, United Arab Emirates, 13-16 February 2023

IAEA Conference and Meetings App

A mobile conference application (app) will be available for all registered participants and observers for use either on the smart phone/iPad or on the personal computer/laptop (see information below). Via the app, users will be able to view the latest programme, all abstracts, the list of participants, message other participants, follow the presentations in the 'Live Stage' and view presentations released after the event.

In the week prior to the conference, registered persons will receive an e-mail notification from messages@superevent.com which will provide users with login information to the app. Should you not receive this email, please check your spam folder.

Any new user has to download the app free of charge via the [App Store](#) or [Google Play](#) and create a profile (email and password). If you have used the app before, make sure you remember your password or use the option 'forgot password'. You will be asked for this password when accessing the conference either through your smart phone or desktop.
