

Mr. Suresh Pillai

Professor and Director, National Center for Electron Beam Research, Texas A&M University, United States of America

Mr. Suresh Pillai is the Director of Texas A&M University's National Center for Electron Beam Research and Professor of Molecular Microbiology. He is also the Associate Department Head in the Food Science & Technology Department. Dr. Pillai served on the FDA's Science Advisory Board for the National Center for Toxicological Research (NCTR), and on advisory panels to the Foundation for Food & Agricultural Research (FFAR) and the Department of Homeland Security's Center for Advanced Microbial Risk Assessment (CAMRA). He is a subject matter expert on alternative nuclear technologies for the IAEA and the US National Nuclear Security Administration's Office of Radiological Security (NNSA-ORS).
