

International Atomic Energy Agency

THE AGENCY'S ACCOUNTS FOR 1962

GC(VII)/231

Printed by the International Atomic Energy Agency in Austria - August 1963

CONTENTS

- I Report by the Board of Governors
- II Text of a letter from the External Auditor to the Chairman of the Board of Governors
- III Report by the Director General on the accounts for the period ended 31 December 1962
- IV Statements and Schedules

NOTE

Unless otherwise stated all sums of money are expressed in United States dollars.

Ι

Report by the Board of Governors

1. In accordance with Financial Regulation 12.04 [1], the Board of Governors hereby transmits to the Members of the Agency the report of the External Auditor on the Agency's accounts for the year 1962.

2. The Board has examined the External Auditor's report, the Director General's report on the accounts and the accounts themselves, and submits the following draft resolution for the consideration of the General Conference.

THE AGENCY'S ACCOUNTS FOR 1962

The General Conference,

Having regard to Financial Regulation 12.04,

<u>Takes note</u> of the report of the External Auditor on the Agency's accounts for the year 1962 and of the report of the Board of Governors thereon [*].

[*] GC(VII)/231, parts II and I respectively.

[1] INFCIRC/8.

Text of a letter from the External Auditor to the Chairman of the Board of Governors

"29 March 1963

"I have the honour to transmit the financial statements of the International Atomic Energy Agency with respect to the financial year ended 31 December 1962 which were submitted to me by the Director General in accordance with Financial Regulation 11.04. I have examined and certified these statements.

"In addition to the above, I have the honour to present my report with respect to the accounts of the Agency for the year 1962."

REPORT OF THE EXTERNAL AUDITOR TO THE BOARD OF GOVERNORS ON THE AUDIT OF THE ACCOUNTS FOR THE INTERNATIONAL ATOMIC ENERGY AGENCY FOR THE YEAR ENDED 31 DECEMBER 1962

1. The Director General of the International Atomic Energy Agency submitted the following financial statements, together with associate schedules, for audit certificates:

- I. Administrative Fund
 - A. Budget appropriations, transfers, obligations and disbursements by sections of the budget for the year ended 31 December 1962
 - B. Assets and liabilities as at 31 December 1962
 - C. Income and obligations incurred for the year ended 31 December 1962
 - D. Account of surpluses in hand as at 31 December 1962
- II. Working Capital Fund

Assets and liabilities as at 31 December 1962

- III. Summary statements for General Fund and Operating Funds as at 31 December 1962
 - A. Status of funds as at 31 December 1962
 - B. Summary of obligations and expenditures during 1962
 - C. Summary of assets and liabilities as at 31 December 1962
- IV. Publications Revolving Fund

Status of funds as at 31 December 1962

V. Special Account

Joint research programme of the Agency and the United States Atomic Energy Commission. Status of funds as at 31 December 1962

VI. Special Account

Tritium project for determining the world-wide distribution of hydrogen and oxygen isotopes in water. Status of funds as at 31 December 1962

VII. Special Account

Special fellowships offered by the Government of the Union of Soviet Socialist Republics. Status of funds as at 31 December 1962

VIII. United Nations Special Fund

Status of funds allocated to the Agency as at 31 December 1962

- IX. Expanded Programme of Technical Assistance
 - A. Status of funds of the Agency as at 31 December 1962
 - B. Project costs for the period 1 January to 31 December 1962

2. The above-mentioned statements are certified by me as being in accordance with the books and records.

3. I have examined the transactions, accounts and inventories to the extent deemed necessary to satisfy myself as to the general state of the accounts and the accuracy of the financial statements submitted for audit certificates and to report thereon to the Board of Governors. All information required was provided and I now record my appreciation of the co-operation and assistance extended by the Secretariat of the Agency.

Regular Programme of the IAEA

Transfers

4. During the financial year 1962 a transfer of funds between two sections of the budget was effected in accordance with Financial Regulation 5.05. The amount involved was small, only \$9500. The experience of previous years shows that there has been a continued downward trend in respect of budgetary transfers, which have been as follows:

1958	\$291 271
1959	\$180 000
1960	\$126 500
1961	\$ 34 500
1962	\$ 9500

The budget estimates for 1962 were thus comparatively accurate and were closely observed. In view of these facts it would seem appropriate to grant the Director General authority to transfer funds up to a certain percentage of the budgetary appropriations and to allow him to inform the Board of Governors subsequently of such transfers. This authority is deemed necessary mainly because the Board of Governors now meets only three times a year, the last meeting taking place right after the General Conference at the end of September or the beginning of October, while the need for transfers in general becomes apparent only after that time.

Unliquidated obligations

5. The unliquidated obligations of the Agency for 1962 in the amount of \$808 293 were checked against the relevant documents. They amount to 12.5% of the total appropriations for the year, which is approximately the same as in previous years. Of the total of \$808 293 of unliquidated obligations an amount of \$640 447 represents obligations for purchases of goods which had not been received and services that had not been rendered as at 31 December 1962, while the amount of \$167 847 refers to any other outstanding legal obligations. In the above figure of \$640 447 an amount of \$603 956 is included for research contracts. In this connection I wish to make the following observation:

.

During the financial year 1962 obligations in the amount of \$679 000 were incurred in respect of new research contracts or extensions of old contracts. Of this amount \$447 000 were obligated in December 1962, and contracts amounting to \$379 000 were awarded as late as 27, 28 and 31 December. The Secretariat has already given attention to this matter and has taken steps which should, during 1963, result in the award of research contracts much earlier in the year.

6. With regard to the unliquidated obligations in the amount of \$640 446 a report was handed to the External Auditor in accordance with the interpretation and application of the Agency's Financial Regulation 5.03 by the Advisory Committee on Administrative and Budgetary Questions of the United Nations General Assembly. Apart from the abovementioned research contracts I have no further comments on that report.

Obligation of funds after approval of the budget by the General Conference

7. With reference to paragraphs 39 to 41 of the report of the Director General, I share the opinion that there is the actual need for an interpretation of the Financial Regulation 5.02 which would enable the Secretariat before the beginning of a new financial year to obligate funds for procurement of supplies and equipment and for engagement of interpreters and other short-term staff needed earlier in the new financial year. It is therefore essential that the Secretariat be authorized to incur the relevant obligations during the latter part of the previous year. I therefore support the proposal of the Director General set forth in paragraph 39 of his report.

Seibersdorf

8. I have nothing to add to the remarks made by the Director General in paragraphs 20 to 22 of his report on the construction of and payment for the Laboratory at Seibersdorf.

Commissary and Restaurant

9. During the interim audit in September 1962 I conducted a thorough audit of the Commissary and submitted a detailed report thereon to the Director General. The report contained no substantial objections. I shall audit the Restaurant during the next interim audit in the autumn of 1963. In addition, I have now examined the statements of the Commissary and Restaurant as at 31 December 1962 according to the same principles as the accounts of the Agency and the figures were found to be correct.

10. In the report of the Board of Auditors on the financial year 1959, paragraph XII, the Board of Auditors had expressed the opinion that the funds expended by the Agency for furniture and equipment in the Commissary and Restaurant should not be repaid to the Agency. In conformity with this statement I wish to support the proposal made by the Director General in paragraphs 42 to 47 of his report for 1962.

Expanded Programme of Technical Assistance and United Nations Special Fund

11. The examination by the External Auditor has been carried out in conjunction with, and on the same lines as, his audit of the accounts of the Regular Programme of the Agency as described earlier in this report. The statements of the Expanded Programme of Technical Assistance and of the Special Fund were checked against the General Ledger, the relevant Subsidiaries and the documents of the United Nations Technical Assistance Board, and the figures were found correct.

ς.

12. During the interim audit which was carried out in September 1962 and during the audit of the Final Accounts, several questions arose which were satisfactorily settled with the Secretariat of the Agency.

Vienna, 29 March 1963

Report by the Director General on the accounts for 1962

1. I present herewith the accounts of the Agency for the year ended 31 December 1962, comprising the following financial statements and schedules.

STATEMENTS

- I. Administrative Fund
 - A. Budget appropriations, transfers, obligations and disbursements by sections of the budget for the year ended 31 December 1962
 - B. Assets and liabilities as at 31 December 1962
 - C. Income and obligations incurred for the year ended 31 December 1962
 - D. Account of surpluses in hand as at 31 December 1962
- II. Working Capital Fund: Assets and liabilities as at 31 December 1962
- III. Summary statements for General Fund and Operating Funds as at 31 December 1962
 - A. Status of funds as at 31 December 1962
 - B. Summary of obligations and expenditures during 1962
 - C. Summary of assets and liabilities as at 31 December 1962
- IV. Publications Revolving Fund: Status of funds as at 31 December 1962
- V. Special Account

Joint research programme of the Agency and the United States Atomic Energy Commission: Status of funds as at 31 December 1962

VI. Special Account

Tritium project for determing the world-wide distribution of hydrogen and oxygen isotopes in water: Status of funds as at 31 December 1962

VII. Special Account

Special fellowships offered by the Government of the Union of Soviet Socialist Republics: Status of funds as at 31 December 1962

- VIII. United Nations Special Fund: Status of funds allocated to the Agency as at 31 December 1962
 - IX. Expanded Programme of Technical Assistance
 - A. Status of funds of the Agency as at 31 December 1962
 - B. Obligations incurred: Project costs for the period 1 January to 31 December 1962

SCHEDULES

- A. Cash in hand and at banks as at 31 December 1962
- B.1. Outstanding contributions to the 1958, 1959, 1960 and 1961 Regular Budgets as at 31 December 1962
- B.2. Outstanding contributions pledged to the General Fund for 1959, 1960 and 1961 as at 31 December 1962
- C. Member States' contributions to the 1962 Regular Budget and advances to the Working Capital Fund as at 31 December 1962
- D. Voluntary contributions pledged and paid by Member States to the General Fund for 1962 as at 31 December 1962
- E. Shares of Member States in the 1960 cash surplus to be surrendered in 1963
- F. Summary of Operating Fund II expenditures during 1962 and unliquidated obligations by Member States as at 31 December 1962
- G. Resources available to the Agency during 1962 including contributions in cash, services and in kind as at 31 December 1962

A. Budgetary position (Statement I.A)

2. Total appropriations for 1962 amounted to \$6 731 600 of which \$470 600 represented supplementary appropriations. [1] Obligations incurred during the financial year amounted to \$6 446 139, leaving an unobligated balance of appropriations of \$285 461 representing budgetary savings.

3. The statement of income and obligations incurred (Statement I.C) shows that the Administrative Fund as at 31 December 1962 had a provisional budgetary surplus of \$338 217 but a provisional cash deficit of \$663 558 made up as follows:

Item	Amount (expressed in US dollars)
Budgetary savings	285 461
Assessed contributions of new Member States	8 479
Miscellaneous income:	
Actual miscellaneous income	144 277
Deduct: 1962 budgeted amount	100 000 44 277
Provisional budgetary surplus	338 217
Deduct: Contributions receivable from Member States	1 001 775
Provisional cash deficit for 1962	(663 558)

B. Assets and liabilities (Statement I.B)

1. Cash in hand and at banks

4. Cash in hand and at banks totalled \$4 348 149 of which \$4 207 621 was held on interest -bearing short-term deposit accounts (Schedule A). Of this amount, \$3 045 829 was due to other funds than the Administrative Fund. For convenience in handling short-term investments, cash from all funds (except "difficult currencies" of the General Fund) are pooled in the Administrative Fund bank accounts.

2. Contributions receivable from Member States (Schedules B and C)

5. As at 31 December 1962 total contributions receivable for the financial years 1958 to 1962 inclusive amounted to \$1 537 827 which is about \$509 000 higher than the comparable amount as at 31 December 1961. This difference is primarily because the special assessment to cover the supplementary appropriation for 1962 was transmitted to Member States so late in the year, after approval by the General Conference, [2] that very few Member States had paid this contribution as at 31 December 1962. The details of all contributions receivable are set out in Schedules B and C and may be summarized as follows:

^[1] Resolutions GC(V)/RES/103 and GC(VI)/RES/116.

^[2] Resolution GC(VI)/RES/116.

	Cor	ntributions	Descenter	Dele
Year	Assessed	Paid as at 31 December 1962	Percentage paid	Balance outstanding
1958	4 089 000 <u>a</u> /	4 085 729	99.92	3 271
1959	5 225 000	5 214 627	99.80	10 373
1960	5 880 980	5 799 912	98.62	81 068
1961	6 200 690	5 759 350	92.88	441 340
1962	6 640 079	5 638 304	84.91	1 001 775
Total con	tributions receivabl	e from Member States		1 537 827

a/ All amounts are expressed in US dollars.

3. Accounts receivable

6. Accounts receivable include salary advances of \$30 779 and travel advances of \$31 409 which are being recovered from staff members. Other accounts receivable include advance payments against education grants (\$20 497) and amounts due from international organizations and sundry other debtors, all of which are recoverable.

4. Unliquidated obligations

(a) 1961

7. Unliquidated obligations in respect of research contracts placed in 1961 amounting to \$112 087 may continue to be liquidated until 31 December 1963 in accordance with Financial Regulation 5.03. In addition, since the new Boardroom was not finished in 1961, the Board decided in September 1962 to waive the application of Financial Regulation 5.03 to the balance of the 1961 appropriations for that purpose so that funds remaining unspent would be available until 31 December 1963. Unliquidated obligations incurred in 1961 for this purpose amounted to \$133 437 as at 31 December 1962.

(b) 1962

8. Obligations incurred in 1962 totalled \$6 446 139 of which \$5 637 846were liquidated during the year, leaving a balance of \$808 293 or 12.5%, the liquidation of which may continue until 31 December 1963 (1964 in the case of research contracts) in accordance with Financial Regulation 5.03. A comparison of the amount of the current year appropriation which remained as unliquidated obligations at the end of each of the past four financial years is given below; percentages indicate the relation of each amount to the total appropriation for that year.

Year	Research contracts		Distribution of information		Renovation of Boardroom		All other activities		Total unliquidated obligations		
	Amount	%	Amount	%	Amount %		Amount	%	Amount	%	
1959	\$241 <u>a</u> /	4.6	\$ 66	1.3	\$ -	-	\$199	3.8	\$ 506	9.5	
1960	365	6.3	67	1.1	- ·	-	239	4.1	671	11.5	
1961	484	7.8	153	2.5	172	2.8	220	3.6	1 029	16.7	
1962	604	9.4	35	.5	-	-	169	2.6	808	12.5	

a/ All amounts are expressed in thousands of US dollars.

This table shows that with the exception of research contracts the carry over of unliquidated obligations in 1962 represented a lower percentage of the total appropriation than in any previous year. The pattern of obligations for research contracts has been dictated largely by the fact that in the first year of such contracts most obligations were incurred in December. This has resulted in heavy renewals at the same time each year. Action will be initiated in 1963 to obligate new contracts earlier in the year so that the heavy obligation at the end of each year for this purpose should gradually be corrected as old contracts and their renewals run out.

5. Contributions received in advance from Member States

9. Contributions received in advance during 1962 will be deducted from the assessments for 1963.

6. Sundry credit balances

10. This item is made up as follows:

Item	Amount (expressed in US dollars)
United Nations offices and specialized agencies	5 018
Staff accounts	3 521
Other accounts	<u>15 219</u>
Total	23 758

C. Income (Statement I.C)

11. Total assessed contributions for the year 1962 amounted to \$6 640 079 of which \$8 479 represented contributions of States that became Members of the Agency after 1 September 1961.

12. Miscellaneous income during 1962 totalling \$144 277, was received from the following sources:

Item	Amount (expressed in US dollars)
Interest on current accounts and bank deposits	118 161
Refund of prior years' expenditure	8 943
Revenue from sale of publications (excess from Publications Revolving Fund)	15 479
Other receipts	1 694
Total	144 277

D. Cash surpluses (Statement I. D)

13. Cash surpluses in hand totalled \$1 039 046 as at 31 December 1962. For 1958 a balance of \$138 remains outstanding representing the shares of Member States which have

not paid their assessed contributions. A balance of \$2263 in respect of the 1959 final cash surplus is also withheld pending the receipt of contributions in arrears.

14. The final cash surplus for 1960 amounts to \$833 411 which, in accordance with the Financial Regulations, will be surrendered to Member States in 1963 (Schedule E).

15. The final cash surplus for 1961 available for surrender in 1964 is \$203 234 or \$630 177 less than is available in 1963.

II. WORKING CAPITAL FUND (Statement II)

16. By a decision of the General Conference at its fifth regular session [3] the Working Capital Fund for 1962 was maintained at a level of \$2 000 000. In accordance with the provisions of the Financial Regulations, new Member States were assessed at \$2600 for advances in 1962. Advances receivable amounted to \$9200 (Schedule C) as at 31 December 1962.

17. During the fifth regular session also the General Conference authorized the Director General to make advances from the Fund during 1962, not exceeding \$25 000 at any time, to provide temporary financing for projects and activities of a strictly self-liquidating character. A sum of \$13 207 was outstanding at the end of 1962 in respect of advances made to the Agency's commissary and restaurant under this authority.

III. OPERATIONAL PROGRAMME - 1962 (Statement III)

18. Statement III represents a significant change from the form of statements submitted for the Operational Programme in preceding years. In order to show more clearly the relationship of the General Fund to Operating Fund I and Operating Fund II and the total resources of all three funds, the Statement presents a consolidated summary showing the status of funds as at 31 December 1962, a summary of obligations and expenditures for the year 1962, and a summary of the assets and liabilities of each fund as at 31 December 1962. It shows that the General Fund has no programme obligations or expenditures but serves only as a fund for receipt and distribution of revenues to Operating Fund I and Operating Fund II.

General Fund

19. A total of \$1 380 470 was pledged in voluntary contributions to the General Fund for 1962 of which \$650 735 was received by 31 December 1962. A detailed breakdown of these amounts by Member States is shown in Schedule D. Voluntary contributions pledged to the General Fund for 1959, 1960 and 1961 and outstanding as at 31 December 1962 amounted to \$2585 shown in Schedule B.2. The balance in the General Fund stood at \$222 168 as at 31 December 1962 showing a reduction of \$73 970 during the year, \$73 609 of which was in respect of transfers of \$33 609 and \$40 000 to Operating Funds I and II respectively, and \$361 was for miscellaneous charges and losses on exchange incurred by the General Fund in 1962.

Operating Fund I

20. During 1962 a total of \$250 087 was transferred from the General Fund to Operating Fund I to finance the Agency's laboratory and the Monaco project. As at 31 December 1962 unliquidated obligations and unobligated earmarkings under Operating Fund I amounted to \$84 261 and \$35 861 respectively.

^[3] Resolution GC(V)/RES/104.

21. The level of unliquidated obligations in Operating Fund I was substantially reduced at the end of 1962, primarily because the construction of the Agency's Laboratory was completed. The final construction cost amounted to \$678 484, or \$3188 more than anticipated early in 1962 when the Board approved a total of \$675 296 made up of actual obligations as at 31 December 1961, plus \$16 000 from the General Fund reserve, to cover final construction cost. The final cost of the Laboratory is summarized in the table below:

Item		Amour (expressed in U	
Main building and related construction work		128 11	2
Roofing		36 00	5
Ceilings, masonry work, partitions and painting	ng	48 82	24
Windows, locksmiths' work, glazing, floors		39 31	8
Doors, blacksmiths' work, tiling, insulation		25 26	9
Main utility and mechanical installations:			
Plumbing Heating Ventilation Electricity	63 287 32 733 88 650 87 062	271 73	2
Ground levelling		20 47	2
Roads and pavements		39 68	4
Landscaping		13 75	8
Miscellaneous work, including temporary instations, pump well, standstill charges, etc.	alla-	_19 09	4
Sub-total		642 26	8
Architects' and engineers' fees		64 67	1
Total (before tax refunds)		706 93	9
Deduct: Refund of turn-over taxes		28 45	5
Net final construction cost		678 48	4

22. The minor amount needed to finish the construction project has been charged to funds which would have been available to the Laboratory for operations, so that the unobligated earmarkings available for operations in 1963 are reduced accordingly. The main causes for this increase in final construction costs were the need to settle certain claims for transportation of labour involved in the early part of the construction project, higher costs associated with high-tension electrical connections, and higher costs for architects' and engineers' fees due to the delayed completion of the project.

Operating Fund II

23. During 1962 a total of \$1 247 659 was transferred from the General Fund to Operating Fund II in order to finance approved projects for fellowships and training, research contracts, and technical assistance programmes and for the operation of the mobile radioisotope laboratories. Total obligations and expenditures incurred during 1962 amounted to \$1 105 803 and \$1 051 126 respectively. As at 31 December 1962 the total unliquidated obligations amounted to \$907 111 and unobligated earmarkings of \$628 781 remained available. Details of the 1962 Operating Fund II allocations, by country, are given in Schedule F. A new Schedule G has been prepared on the same basis as the data for 1958-61 which was transmitted to Member States as Annex IV attached to my letter of 8 November 1962, and has been added to the statements for 1962 to show total resources available to the Agency including Type II fellowships, equipment donations, research contract grants, etc. The schedule is included for information only since most of the contributions of services or in kind are not officially reflected in the Agency's accounting records because the funds so involved are not received or disbursed by the Agency directly and therefore the total figures for each country represent only a reasonable estimate. It is submitted with the Agency's Accounts for 1962 in order to afford comparative and up-to-date information to Member States to facilitate further discussion of the question of financing the Agency's activities which was referred to the Board of Governors for study by the General Conference [4]. A schedule of this kind can be included in all future reports if the Board so wishes.

IV. PUBLICATIONS REVOLVING FUND (Statement IV)

24. Cash receipts from the sale of publications in 1962 totalled \$70 285. Obligations incurred during 1962 amounted to \$34 196 of which \$12 406 represented unliquidated obligations as at 31 December 1962. In accordance with Resolution GC(III)/RES/53 the balance of \$15 479 of the fund in excess of \$50 000 was transferred to miscellaneous income of the Administrative Fund as at 31 December 1962.

V. SPECIAL ACCOUNT

JOINT RESEARCH PROGRAMME OF THE AGENCY AND THE UNITED STATES ATOMIC ENERGY COMMISSION (Statement V)

25. Supplementary agreements totalling \$169 251 were concluded between the Government of the United States of America and the Agency in 1962. As at 31 December 1962, there were unliquidated obligations of \$125 894 and unobligated earmarkings of \$35 252.

VI. SPECIAL ACCOUNT

SPECIAL FELLOWSHIPS OFFERED BY THE GOVERNMENT OF THE UNION OF SOVIET SOCIALIST REPUBLICS (Statement VII)

26. This account was established following the Board's decision to accept the offer of the Union of Soviet Socialist Republics to provide special financial support for the Agency's fellowships programme. Obligations incurred during 1962 amounted to \$33 333, leaving an unobligated balance of \$11 111.

VII. UNITED NATIONS SPECIAL FUND

27. Allocations from the United Nations Special Fund for the financing of preliminary costs in respect of the Yugoslavia project during 1962 amounted to only \$1000. Expenditure totalled \$293, leaving a balance of unobligated earmarkings of \$707 in this fund as at 31 December 1962.

[4] Resolution GC(VI)/RES/123.

VIII. EXPANDED PROGRAMME OF TECHNICAL ASSISTANCE (EPTA) (Statements IX. A and B)

28. These statements are presented in the form required by the Technical Assistance Board of the United Nations.

29. Earmarkings from contributions and other available funds in 1962 - the second year of the biennial programme - amounted to \$843 259. Excess of earmarkings and other available funds over obligations incurred amounted to \$35 260 which together with other income of \$90 467 made a total of \$125 727 to revert to the EPTA Special Account as at 31 December 1962. Unliquidated obligations as at 31 December 1962 amounted to \$619 856 of which \$34 268 pertained to the 1961 programme. Of the 1962 unliquidated obligations, \$1502 pertain to operational services costs and the remainder of \$584 086 is for project costs, as shown by country and region in Statement IX.B.

IX. EX GRATIA PAYMENTS

30. During the financial year 1962 no ex gratia payments were charged to the Budget.

X. FINANCIAL CONTRIBUTIONS RECEIVED TOWARDS THE COST OF CONFERENCES, SYMPOSIA, ETC.

31. Financial contributions pledged by Member States and specialized agencies of the United Nations towards the cost of conferences, symposia, etc. in 1962 totalled \$51 644 of which \$32 500 was received by 31 December 1962. The particulars are as follows:

Member State or specialized agency	Meeting	Pledged Paid Balance (expressed in US dollars)				
Canada	Chalk River symposium	10 000	10 000			
Czechoslovak Socialist Republic	Brno symposium	2 000	2 000	-		
United Kingdom of Great Britain and Northern Ireland	Harwell symposium	3 000	-	3 000		
Greece	Athens symposium	1 2 50	-	1 250		
India	Bombay symposium	5 000	-	5 000		
Italy	Venice conference Trieste seminar	3 500 5 000	3500 5000	- -		
Food and Agriculture Organization of the United Nations	Bombay symposium	7 500	-	7 500

a/ Subject to an adjustment of 50% of the actual cost.

XI. FIXED ASSETS

32. Fixed assets comprising equipment, fittings and furniture have been valued at cost; in the case of gifts of equipment where the actual cost was not known, a conservative estimate has been shown. In accordance with discussions during the Administrative and Budgetary Committee meeting in 1962 the memorandum asset accounts have been deleted from the published statements for 1962. Relevant details are given below:

Place at which assets are held	Value of equipment, fittings, furniture (expressed in US dollars)
Headquarters (including Seibersdorf Laboratory)	1 187 090
Monaco laboratory	24 413
New York	1 731
Total	1 213 234

XII. EXPENDABLE AND OTHER SUPPLIES

33. The value at cost price of printing paper, office supplies, books, etc., held in stock on 31 December 1962 amounted to \$196 762. This represents an increase of \$40 315 for library books and \$5127 for all other supplies during the year. Details are as follows:

Item	Amount (expressed in US dollars)				
Stationery and office supplies	24 623				
Reproduction supplies including envelopes	15 243				
Paper for the publications programme and the Secretariat	20 270				
·	60 136				
Library books	136 626				
Total	196 762				

XIII, LOSSES OF AGENCY PROPERTY

34. During the year the Agency sustained the following losses of property:

Item	Amount (expressed in US dollars)
4 Fire extinguishers	83
1 Storage battery	23
1 Towel box	
Total	124

All these losses were covered by insurance and the relative items were written off.

XIV. GENERAL COMMENTS ON THE AGENCY'S ACCOUNTS

35. During 1962 it became apparent that in certain cases the Agency's existing financial rules and regulations needed clarification or minor changes. Past action by the Board in connection with discussion of the Agency's accounts and the external auditors' reports have left some problems unresolved. In order to clarify and simplify the Agency's financial practices in certain of these respects the following subjects are briefly discussed below although they do not refer to specific amounts shown in the Agency's Accounts for 1962.

Inventory of library assets

36. In its report to the General Conference on the Agency's accounts for 1960, the Board stated that during its examination of those accounts it had noted: ".... that a check would be made every half-year of ten per cent of the library's contents, so that a complete inventory would have been made every five years, and that the Director General would in due course suggest an appropriate rewording of Financial Rule 5.04." [5]

37. During the first six months of 1961, almost 1200 books were inventoried and only one book was found missing. The book had been received free of charge; however, it was valued at \$7.50. During the second half of the year 1376 items were inventoried and 10 publications, valued at about \$25, were reported missing. The Agency costs involved in making this inventory amounted to about \$300.

38. At the rate of acquisitions of new books and periodicals for the library, it is apparent that the requirement to conduct a physical inventory of ten per cent of the library contents every six months would never result in a complete inventory. Normal library practice is not to take such a physical inventory of books but to control losses through circulation records. If the requested volumes cannot be found, special searches of that particular section of the library may be made. The relative number of missing volumes in a library thus becomes apparent, through such day-to-day records of library use. In accordance with this normal library practice and in order to achieve the purposes of the existing library inventory procedure, it now seems more appropriate to introduce a system of spot checks of the library contents, to be made from time to time as deemed necessary. In order to officially recognize this procedural change, Financial Rule 5.04 should be reworded as follows:

"Physical inventory shall be taken of all supplies, equipment or other property of the Agency or entrusted to the charge of the Agency at such periods as may be necessary to ensure adequate control over such property, but in any event once during each financial period, except that in the case of the library only spot checks need be made from time to time as deemed necessary by the Director General." (Underscored portion represents suggested addition)

Obligation of funds after General Conference approval

39. Financial Regulation 5.02 provides that "appropriations shall be available for obligation during the financial year for which they were voted". Strict application of this regulation would make it impossible to place orders for supplies or equipment for which long-term delivery time may be required, and would prevent arrangement of and obligation of funds for panels or other meetings to be held early in the new fiscal year. As soon as the appropriation resolution for the next year has been approved by the General Conference and in order to ensure prompt acquisition of supplies and equipment needed early in the new fiscal year or allow proper scheduling of panels and scientific meetings throughout the year (thus making possible a saving in the cost of temporary assistance staff), either of two procedures must be followed:

^[5] GC(V)/156, section I, paragraph 3.

- (a) Obligations may be incurred and recorded against the appropriation for the new year; or
- (b) Obligations may be incurred but held until January 1st, before they are recorded in the Agency's accounts.

40. Since issuance of the purchase order or confirmation of arrangements in itself constitutes a valid obligation, the Secretariat would prefer to record such obligations immediately rather than delay action until the start of the new year. This interpretation of Financial Regulation 5.02 would allow more efficient use of new appropriations by permitting obligation of funds immediately after the General Conference and before 1 January of the ensuing year.

41. The Secretariat proposes to proceed on this basis in respect of the 1964 appropriations which will be approved by the General Conference in September 1963. The question is raised in this report in order to invite discussion and further suggestions on the interpretation of the Financial Regulation.

Repayment for equipment furnished by the Agency to the Commissary and Restaurant

42. In their report on the Agency's accounts for 1959 the Board of External Auditors stated that they could see no reason for the Agency to claim back the \$27 000 for furniture and equipment which had been purchased for the Commissary in accordance with previous years' budget appropriations and for which repayment was then planned at the rate of \$2000 per year. The Board of Governors did not agree with this view and decided that the Agency should be reimbursed for equipment furnished to the Commissary and Restaurant. The Board noted however "that refunds of capital to the Working Capital Fund will be completed first and that thereafter reimbursements will be made for the value of the equipment". Repayments by the Commissary and Restaurant to the Working Capital Fund are being made at a rate which will result in complete refund of these advances by 1 January 1966 so that payments for equipment could start in 1967.

43. The implications of this decision by the Board have been studied carefully during the past year in connection with the proposed adoption of more complete rules and regulations for the operation of the Commissary and Restaurant. The Administrative Instruction under which the Agency's Commissary has operated since its inception has always provided that "... the Commissary shall be an integral part of the Agency's Secretariat and shall have no legal personality of its own The Commissary shall be equipped and housed free of charge by the Agency on its premises." The Restaurant began operation later under the same conditions.

44. The present operation of the Agency's Restaurant and Commissary requires capital equipment valued at over \$40 000 and \$10 000 respectively. This equipment was purchased by the Agency from specific budgetary appropriations approved by the Board and General Conference for this purpose. About half of this equipment has been purchased from budgets approved after the Board's decision in respect of the Agency's accounts for 1959. To require repayment of such an amount would appear to exert undue hardship on the Restaurant and Commissary operation and on staff members who utilize these services. It is also considered that the Restaurant is operated partially for the benefit of Agency visitors and conference participants and from the Agency's point of view it is a type of representation.

45. During 1962 the Restaurant had a net income, from its "one meal per day" operation, of only about \$320. To provide funds for repayment of the \$40 000 worth of equipment in a reasonable period of time would require substantial increases in prices. A problem of ownership might also result if staff members were to pay increased prices towards the eventual purchase of such equipment. It could be claimed that title was no longer retained by the Agency and that each staff member should share the proceeds in case of dissolution of the Restaurant or Commissary. Such an interpretation would be contrary to the fact that the Commissary and Restaurant have no status as legal entities but are integral parts of the Agency's organization and operation.

Based on all these considerations and in order to clarify the future indebtedness 46. of the Commissary and Restaurant to the Agency, a thorough review of these operations was made during 1962. Revised rules and regulations have been developed which would provide what the Secretariat believes to be a reasonable solution to this problem. Because of the relatively high equipment investment in the Restaurant, its "one meal per day" operation and its representation value to the Agency, it is proposed that no repayment be required from Restaurant operations. The wording of the Restaurant regulation would provide that "... the Agency shall provide free of charge all capital equipment required for the initial establishment of the Restaurant and for possible future expansion, as well as equipment required to replace worn-out or obsolete equipment. The Agency shall also bear the cost of decoration, re-decoration and furnishing of the Restaurant". In connection with the Commissary it is proposed that "... the Agency shall provide free of charge the initial capital equipment for the Commissary and such equipment as may be required for expansion of the Commissary. Replacement of worn-out or obsolete equipment, expendable supplies and furnishings, including decoration and re-decoration of premises, however, shall be provided by the Commissary". In both cases it is proposed that title to all equipment remain with the Agency. On this basis any major expansion of equipment or facilities in either the Restaurant or the Commissary would be provided for through normal budgetary requests and paid for by the Agency from properly appropriated funds and such expansions could thus be controlled by the Board of Governors. Replacements of Commissary equipment would be financed from depreciation reserves to be built up through normal monthly charges for such purposes.

47. Approval of the above procedure for the handling of the equipment in the Commissary and Restaurant would allow the Commissary Board of Management and the Secretariat to proceed with long-range plans for operation of the Commissary and Restaurant without having substantially to increase Restaurant prices in order to provide enough income to meet the equipment requirement.
