

International Atomic Energy Agency

General Conference

GC(VIII)/269

7 July 1964

GENERAL Distr.

Original: ENGLISH

Eighth regular session

Item 11 of the provisional agenda
(GC(VIII)/268)

ARRANGEMENTS FOR THE NINTH REGULAR SESSION

Note by the Director General

1. On 2 June 1964 the Director General received a letter from the Governor from Japan which reads as follows:

"J. E. 70/64

"1 June 1964

".

"With a view to furthering the aims and objective of the International Atomic Energy Agency and of strengthening its mutually friendly relations with Japan, the Government of Japan has great pleasure in extending to the General Conference of the Agency an invitation to hold its 9th Regular Session in Tokyo in September 1965.

"The Government of Japan is prepared to provide all the facilities and local staff needed in Tokyo for holding this session and to meet the additional costs incurred by the Agency in holding it away from its headquarters.

"It will also be pleased to extend to delegations and members of the Secretariat the same general facilities that they enjoy at sessions held at the headquarters of the Agency."

2. Should the General Conference decide to accept the foregoing invitation, the Director General does not foresee that such a decision would give rise to any administrative difficulties for the Secretariat.
