Tenth regular session

Item 14 of the provisional agenda  
(GC(X)/326)

### SCALE OF MEMBERS' CONTRIBUTIONS FOR 1967

#### Memorandum by the Director General

1. The Director General submits herewith a draft resolution whereby the General Conference could set the scale for assessment of Members' contributions to the Agency's Regular Budget for 1967. Following current practice [ 1 ], the scale is based on the United Nations scale for 1966 [ 2 ]. It takes account of the fact that 96 States were Members of the Agency on 31 August 1966, three more than on the same date last year; the new Members are Jamaica, Jordan and Panama.
2. Numerical data used in elaborating the scale are reproduced in the Annex to the present document. The procedure that would be followed for assessing the contribution of any State that became a Member of the Agency after the scale had been adopted is set out in paragraph 2 of the draft resolution.

a/ Resolution 2118 (XX) of the General Assembly.

b/ The coefficient is not applied to the maximum percentage contribution, nor to those at the minimum level of 0.04% - see part B, para. 2, below.

B. Method of calculating the coefficient 0.900

1. From the foregoing table it will be noted that on the United Nations scale for 1966, the total percentage assessments of Members of the Agency that are also Members of the United Nations amounts to 98.50. The assessments recommended by the United Nations for the Agency's members that are not members of the United Nations amount to 8.97%, making a total of 107.47%.

2. It has therefore been necessary to establish a coefficient by which to multiply the assessments so as to decrease the total to 100.00%, bearing in mind that in the light of a decision of the General Conference [ 1 ], it will not be applied:

(a) In the case of the following 27 Members that bear the minimum rate of assessment of 0.04%, and whose assessments accordingly total 1.08%:

Albania	Gabon	Liberia
Bolivia	Guatemala	Libya
Cambodia	Haiti	Madagascar
Cameroon	Holy See	Mali
Costa Rica	Honduras	Monaco
Cyprus	Iceland	Nicaragua
Dominican Republic	Ivory Coast	Panama
El Salvador	Jordan	Paraguay
Ethiopia	Kenya	Senegal

- (b) To the percentage of the Member bearing the maximum rate of assessment. This was set at 31.91% in the scale for 1966 [ 2 ]. In the scale for 1967 that Member's percentage has been reduced by applying to it a proportionate share of the assessments of the three new Members. This has resulted in a new rate of assessment of 31.87% for the Member in question without increasing the rate for any other Member.

The coefficient has thus been calculated as follows:

	United Nations scale		Agency's scale	
	<u>          </u>		<u>          </u>	
Total assessments	107.47		100.00	
Less: The maximum assessment	31.91		31.87	
27 minimum assessments of 0.04	1.08	32.99	1.08	32.95
	<u>          </u>	<u>          </u>	<u>          </u>	<u>          </u>
		74.48		67.05
		<u>          </u>		<u>          </u>
				<u>          </u>
			$\frac{67.05}{74.48}$	= 0.900
