GC(XXI)/583/Mod. 1 26 September 1977 GENERAL Distr.

Original: ENGLISH

Twenty-first regular session

Item 10 of the provisional agenda (GC(XXI)/577)

SCALE OF ASSESSMENT OF MEMBERS' CONTRIBUTIONS FOR 1978

Memorandum by the Director General

Modifications

The modifications which the Board of Governors has made to the budget estimates for 1978[1] necessitate some consequential modifications in the material on the scale of assessment of Members' contributions for 1978 which the Director General has submitted to the General Conference under cover of his memorandum in document GC(XXI)/583. The Annex to the draft resolution in that document and the Appendix to the memorandum are accordingly replaced by the attachments hereto.

^[1] See document GC(XXI)/582/Mod. 1.

APPENDIX

MEMBERS' CONTRIBUTIONS TO THE AGENCY'S REGULAR BUDGET FOR 1978

The computation of individual base rates and the resulting scale of assessment

- 1. The first step in computing the individual base rates and the resulting scale of assessment of Members' contributions to the Agency's Regular Budget for the year 1978 is to divide the total amount to be assessed into a "non-safeguards" component and a "safeguards" component[1]. The total assessment proposed is \$47 263 000[2] of which the non-safeguards and safeguards components are \$35 052 200 and \$12 210 800 respectively. The latter component consists of the appropriation specifically proposed for safeguards (\$11 191 000), plus \$1 039 800 representing a pro rata share of the proposed appropriation for adjustment of programme cost estimates[3], less income of \$20 000 which it is estimated will be received from non-member States during 1978.
- 2. The next step is to derive a base rate of assessment for each Member of the Agency[4] based on the scale used by the United Nations to assess contributions from its Members to its budget for the year 1977[5]. This requires in the first place the determination of the base rate of the largest contributor to the Agency's Regular Budget, the United States of America.
- 3. In 1972 the United Nations General Assembly established the principle, to be implemented as soon as practicable, that the maximum contribution of any one Member State should not exceed 25 per cent of the total[6]. As explained in the paper on the scale of assessment for the year 1975[7], the United Nations was able to reduce the largest contributor to 25 per cent in its scale for 1974-1976 because there were nine new Members of the United Nations with rates of assessment totalling 8.48 per cent and because the normal triennial increase in the percentage contributions of Member States resulting from increases in their national incomes totalled 3.93 per cent. In addition, the specialized agencies have also been able to reduce the largest contributor to 25 per cent using the rates of assessment of new Members or increased contributions resulting from increases in Members' national incomes, or a combination of both to the extent necessary.
- 4. In the Agency, however, until this scale had been fixed it has not been possible to set the base rate of assessment of the largest contributor at 25 per cent because the percentage contributions of new Members of the Agency and the normal triennial increase in the percentage contributions of Members resulting from increases in their national incomes that have been available to the

^[1] See Resolution GC(XX)/RES/341, para. 1.

^[2] See document GC(XXI)/582, Annex VI, draft resolution A.

^[3] Ibid., para. 1, Sections 5 and 10 respectively. The amount of \$497 500 was arrived at by assuming that the funds to be appropriated under Section 10 will be proportionately distributed among Sections 1-8.

^[4] See Resolution GC(XX)/RES/341, para. 2.

^[5] Set forth in General Assembly Resolution 31/95 (XXXI).

^[6] General Assembly Resolution 2961 B (XXVII).

^[7] See General Conference document GC(XVIII)/528.

Agency were not large enough to achieve that objective. The General Conference, however, in establishing the scale of assessment of Members' contributions for 1975[8] was able to reduce the base rate of assessment of the largest contributor from 31.47 per cent to 27.66 per cent by using the 1.38 percentage points resulting from the percentage contributions of two newly admitted Members and by using the entire 2.43 percentage points from the increase in the percentage contributions of 12 Members that resulted from increases in Because increases in Members' national incomes during the last their national incomes. two years of the triennium are not incorporated in the UN scale, only the percentage contributions of newly admitted Member States were available to the Agency for 1976 and 1977 to reduce the base rate of assessment of the largest contributor. Accordingly, the base rate of assessment of the Agency's largest contributor was reduced from 27.66 per cent to 27, 57 per cent for 1976[9] and from 27, 57 per cent to 27, 51 per cent for 1977[10] by using the percentage contributions of newly admitted Member States to the Agency in each of those years.

- 5. As indicated immediately above, the base rate of assessment for the largest contributor for 1977 was 27.51 per cent. This rate is reduced in the amount of 2.51 per cent by using 0.02 percentage points representing the percentage contribution for Nicaragua, which became a Member of the Agency during 1977, and by using 2.49 percentage points representing a portion of the increase in the percentage contributions of 30 Member States resulting from increases in their national incomes. The total increase in percentage contributions of Member States resulting from increases in their national incomes was 4.77 per cent; however, it is necessary to use only 2.49 per cent of this increase in order to meet the objective of reducing the base rate of assessment for the largest contributor to 25 per cent.
- 6. The base rate of assessment for the largest contributor for 1978 has accordingly been established in the following way:

Base rate for 1977		27.51%
Reduction in respect of:		
Base rate for Nicaragua	0.02%	
A portion of the increase resulting from increases in Members'		
national incomes	2.49%	2.51%
Base rate for 1978		25.00%

7. As noted in paragraph 5 of the Memorandum by the Director General, because of the numerous changes and extreme variations in the assessments between the United Nations 1976 and 1977 scales, and for other reasons, the United Nations General Assembly established its scale for 1977, exceptionally, for one year only and set forth additional criteria for its Committee on Contributions to use in drawing up future scales of assessment. As may be seen by comparing Table 1 of the Appendix with the corresponding table for 1977, of the 109 Member States assessed for 1977, the base rates of assessment of 35 Member States show increases and those of 29 Member States show decreases, with those of 45 Member States remaining unchanged.

^[8] By Resolution GC(XVIII)/RES/317.

POTAL	93.70	1. 23	100.00	
OTAL of columns 2 and 3	94	. 93		

a/ See General Assembly Resolution 31/95 (XXXI).

b/ In certain cases the coefficient is not applied - see para. 8 below.

8. It will be seen from the end of the foregoing table that the United Nations percentage assessments for Members of the Agency that were also Members of the United Nations amount to 93.70 per cent, and that the United Nations rates of assessment for the other Members of the Agency amount to 1.23 per cent. To the figure of 94.93 per cent, obtained by combining these two percentages, a coefficient is applied to establish such base rates of assessment for all Members of the Agency as will give a total of 100.00%. In accordance with the principle established by the General Conference[11], however, the coefficient is not applied in the case of the Member bearing the United Nations highest assessment, nor of the 44 Members each bearing the United Nations lowest assessment. The coefficient is therefore calculated as follows:

		United Nations percentage assessments	Agency base rates of assessment
Total		94.93	100.00
Less:	For the Member bearing the highest assessment	25.00	25.00
	For the 44 Members bearing the lowest assessment (44 x 0.02)	0.88	0.88
,		25.88	25.88
Totals	for calculation of the coefficient	69.05	74.12
Coeffi	cient $\frac{74.12}{69.05} = 1.073425$		

9. It is now necessary to calculate the respective shares of the safeguards expenses to be borne by the Members on the list drawn up by the Director General for the purpose of determining the Members who receive partial relief in respect of their assessment for the safeguards component of the Regular Budget in accordance with the principles established by the Conference in 1977[12]. It will be noted that the list is increased by 11 Members that were not on the 1977 list. The addition of these Members is in accordance with the principles established by the Conference in 1977. The dollar amount of safeguards expenses borne by each Member State on the list, except Nicaragua which is a new Member, is the same as the corresponding amount assessed in 1977. The results are set forth in Table 2 below[13].

^[11] See Resolution GC(III)/RES/50, sub-paragraph (a) of the operative paragraph.

^[12] The list is drawn up as prescribed in Resolution GC(XX)/RES/341, subparagraph 3(b).

^[13] The calculation is made in accordance with the provisions in sub-paragraph 3(a) of the same resolution.

10. It will be noted from the foregoing table that a total of 84 Members will be required to contribute \$2 243 913 (18.37646%) of the total safeguards component of \$12 210 800[14]. The remaining \$9 966 887 (81.62354%) will need to be borne by 26 Members, the share of each Member being calculated as shown in Table 3[15].

TOTAL	68.04	81.62354	9 966 887	

a/ The coefficient is obtained by dividing the percentage of the safeguards component remaining to be financed (81.62354%) by the total of the base rate of assessment of the 26 Members listed in the table above (68.04%).

11. The individual share of each Member in the safeguards component of the total assessment having thus been determined, the next step is to calculate each Member's share of the non-safeguards component. This is done by applying each Member State's base rate of assessment to the non-safeguards component of \$35 052 200[16]. The results are set forth in Table 4 below which shows in column (5) the total assessment of each Member. Column (6) shows the resulting scale of assessment for 1978, the percentage assessments being expressed to five places of decimals in order to reflect each Member's share of the Regular Budget to the required accuracy.

^[14] Paragraph 1 above.

^[15] Pursuant to the provisions in sub-paragraph 3(c) of Resolution GC(XX)/RES/341.

^[16] Pursuant to the provisions of paragraph 2 of Resolution GC(XX)/RES/341.
