Thirty-sixth regular session  
Item 19 of the provisional agenda  
[GC(XXXVI)/1001]

## SCALE OF ASSESSMENT OF MEMBERS' CONTRIBUTIONS FOR 1993

1. The Director General submits herewith to the General Conference a draft resolution whereby the Conference is requested to set, in accordance with Article XIV.D of the Statute, the scale of assessment of Members' contributions to the Agency's Regular Budget for 1993. The scale annexed to the following draft resolution has been prepared in accordance with the principles established by the General Conference [1] and on the assumption that the Conference will approve the continuation of the revised arrangements for the assessment of Members' contributions towards the Agency's Regular Budget which are the subject of document GC(XXXVI)/1010. The scale is based on the Agency's membership as of 31 July 1992.

2. With regard to the scale annexed to the following draft resolution, 78 Members will receive partial relief in respect of their assessments for the safeguards component of the Regular Budget; these Members' individual assessments for the safeguards component will be increased by 4.4 per cent, which represents the price increase percentage on which the Regular Budget estimates for 1993 are based [2]. The remaining 35 Members will continue to contribute on an increased basis as set forth in Table 3 of the Appendix hereto.

[1] See resolutions GC(III)/RES/50, GC(XXI)/RES/351, GC(XXVII)/RES/416 and GC(XXXIII)/RES/512.

[2] See draft resolution A in Annex VI to document GC(XXXVI)/1006.

3. It will be noted that the following draft resolution provides for approval by the General Conference of the base rate of assessment of each Member. This has been derived from the scale which has been used by the United Nations to assess contributions from its Members to its Regular Budget for 1992 and which is adjusted in accordance with established procedures to compensate for differences in membership between the Agency and the United Nations. Although the United Nations scale does not reflect the current circumstances with respect to a small number of Member States of the Agency, it is the approved United Nations scale for 1992 [3] and its use is in conformity with the principles established by the General Conference. Further, the use of that scale and the proposals made in paragraphs 4-6 below are unavoidable transitional measures because the United Nations has not yet finalized the assessment situation of the States in question.

4. Thus the rates for Belarus, the Russian Federation and Ukraine are derived from the scale used by the United Nations for 1992, the assessment of the Russian Federation being based on the rate adopted by the General Assembly for the former Union of Soviet Socialist Republics. The United Nations Committee on Contributions has proposed new rates for all former Soviet republics for 1993 and 1994, although there is not full consensus on the proposals. In accordance with the principles established by the General Conference for the assessment of Members' contributions towards the Agency's Regular Budget, these rates, once approved by the General Assembly, will represent the basis for calculations for the Agency's 1994 and 1995 scales of assessment.

5. Estonia became a Member of the Agency on 31 January 1992 and is therefore, pursuant to Financial Regulation 6.08, to be assessed for 1992 and 1993. Since the United Nations General Assembly has not yet fixed a rate for Estonia, it is suggested that the General Conference agree that the Agency rate of Estonia be derived from the rate proposed by the United Nations Committee on Contributions at its 52nd meeting, in June 1992. It is further proposed that this rate be applied outside the general scale of assessment and that all payments received from Estonia be deducted from the contributions payable by the Russian Federation.

---

[3] United Nations General Assembly document A/RES/46/221.

6. The requests for membership of the Republics of Latvia and Lithuania were approved by the General Conference in 1991. Should their membership become effective before the end of 1992 or during 1993, it is proposed that their assessments for the year in which they become Members of the Agency be derived from the rates determined for each of them by the United Nations later this year and all contributions received from them be deducted from the contributions payable by the Russian Federation.

7. The Republics of Croatia and Slovenia applied for membership of the Agency on 3 June 1992. Their applications were considered by the Board of Governors at its June session and have been submitted to the General Conference for approval at its forthcoming session [GC(XXXVI)/1002 and GC(XXXVI)/1003]. Should their membership be approved, it is proposed that their assessments for the year in which they become Members of the Agency be derived from the rates determined for each of them by the United Nations later this year and all contributions received from them be deducted from the contributions payable by Yugoslavia.

8. The computations that were made in order to establish both the individual base rates and the resulting scale of assessment are reproduced for the information of the Conference in the Appendix.

9. Member States are urged to inform the Director General by 1 January 1993 as to when their Regular Budget contributions will be paid to the Agency. In the light of the information provided, the Secretariat will prepare cash forecasts on the basis of which the programme will be implemented.

Draft resolution

SCALE OF ASSESSMENT OF MEMBERS' CONTRIBUTIONS FOR 1993

The General Conference,

Applying the principles it has established for the assessment of Members' contributions towards the Agency's Regular Budget [\*],

1. Decides that the individual base rates and the resulting scale of assessment of Members' contributions to the Agency's Regular Budget for 1993 shall be as set forth in the Annex hereto; and
2. Decides that Estonia's assessment rates for 1992 and 1993 in the Agency shall be calculated by the Director General on the basis of the United Nations assessment rates proposed by the United Nations Committee on Contributions at its 52nd meeting in June 1992. The rate shall be applied outside the general scale of assessment and all contributions received in respect of the Regular Budget for 1992 and 1993 shall be deducted from those applicable to the Russian Federation for those years.
3. Determines, pursuant to Financial Regulation 6.08 [\*\*], that in the event of a State becoming a Member of the Agency during the remainder of 1992 or in 1993 it shall be assessed as appropriate:
  - (a) For an advance or advances to the Working Capital Fund, in accordance with Financial Regulation 7.03 [\*\*\*]; and
  - (b) For a contribution or contributions towards the Agency's Regular Budget, in accordance with the principles the Conference has established for that purpose.
4. Decides that in the event of the Republics of Latvia and Lithuania becoming Members of the Agency during the remainder of 1992 or in 1993, the Director General is authorized to determine the amount of their contributions on the basis of the rate determined by the United Nations for each of them later this year; all contributions to the Regular Budget received for this period will be deducted from the contributions applicable to the Russian Federation for those years.
5. Decides that in the event of the Republics of Croatia and Slovenia becoming Members of the Agency during the remainder of 1992 or in 1993, the Director General is authorized to determine the amount of their contributions on the basis of the rate determined by the United Nations for each of them later this year; all contributions to the Regular Budget received for this period will be deducted from the contributions applicable to Yugoslavia for those years.

[a] The base rate for the Russian Federation is that approved by the General Assembly of the United Nations for the Union of Soviet Socialist Republics for 1992 and in accordance with the Agency's assessment principles is applied to the Russian Federation for 1993. This rate does not prejudice any arrangements that may be concluded between successor states of the former Union of Soviet Socialist Republics.

[b] The base rate for Yugoslavia is that approved by the General Assembly of the United Nations for 1992 in accordance with the Agency's assessment principles. The inclusion of Yugoslavia does not prejudice future developments concerning the membership of Yugoslavia.

[c] Estonia became a Member of the Agency on 31 January 1992. Since the United Nations General Assembly has not yet fixed a rate for Estonia, its Agency rate of assessment is derived from the rate proposed by the United Nations Committee on Contributions.

MEMBERS' CONTRIBUTIONS TO THE AGENCY'S REGULAR BUDGET FOR 1993

The computation of the individual Regular Budget assessments

1. As a first step in computing the individual Regular Budget assessments, the Agency's Regular Budget for 1993 is divided into a "non-safeguards" component and a "safeguards" component [1]. The total assessment proposed is \$ 23 932 000 plus the equivalent in United States dollars of AS 2 018 703 000, which, at an exchange rate of AS 12.70 to \$ 1.00, amounts to \$ 182 885 000 [2]. Of this total the "non-safeguards" component amounts to \$ 14 239 000 plus the equivalent in United States dollars of AS 1 317 015 000 and the "safeguards" component to \$ 9 693 000 plus the equivalent in United States dollars of AS 701 688 000. (The latter component consists of the appropriation specifically proposed for safeguards less income of \$ 450 000 which it is estimated will be received from non-member States during 1993.)
  
2. The next step is to derive a base rate of assessment for each Member of the Agency on the basis of the scale used by the United Nations to assess contributions from its Members to its budgets for the years 1992-1994 [3]. This is done in Table 1.

5. It will be noted that the total amount of the safeguards assessments of the 77 Members listed in Table 2 has been increased to \$ 800 464. The difference is due to the the price increase of 4.4 per cent on which the Regular Budget estimates for 1993 are based. The remaining amount is borne by 35 Members, the share of each Member being calculated as shown in Table 3.

6. Each Member's share in the non-safeguards component is calculated by applying its base rate of assessment to the total non-safeguards component.

7. For the convenience of Member States, Table 4 shows each Member's share in the non-safeguards and the safeguards component, as well as the resulting total assessment and percentage assessment.
