# Report to the Board of Governors by the Co-Chairmen of the Informal Open-ended Working Group on the Programme and Budget for 2004–2005

# A. Summary

- During the March 2003 meeting of the Board of Governors, the Chairman announced the formation of an Informal Open-ended Working Group (IOWG) on the Programme and Budget, and requested the Ambassador of Peru, H.E. Javier Paulinich, and the then Ambassador of Australia, H.E. Max Hughes, to serve as its Co-Chairmen. Following the departure of Ambassador Hughes from Vienna in May 2003, the Ambassador of Spain, H.E. Antonio Núñez, assumed the responsibility of Co-Chairman.
- The IOWG Co-Chairmen have conducted intensive consultations with Member States during the
  past few months, based on an acknowledgement of the fact that a multi-track approach involving
  negotiations on a range of issues, in addition to the Agency's Regular Budget, was needed to
  reach an agreement acceptable to all parties.
- In the light of the views expressed during those consultations, the Co-Chairmen formulated a "Package Proposal", including a revised level of the Agency's regular budget and of each of the major programmes, in comparison with the draft programme and budget 2004–2005 presented by the Secretariat in document GOV/2003/1 and its Mod.1.
- The Co-Chairmen consider that this Package Proposal captures the major concerns of all the
  different groups and represents a very delicately balanced compromise, and they strongly
  recommend it for Board approval. Nevertheless, one Member State expressed reservations on
  some elements of the Package Proposal.

# B. The Package Proposal

### **B.1.** Regular Budget

- 1. An appropriate balance shall be maintained between promotional and other statutory activities of the Agency, as well as across all major programmes.
- 2. There is general recognition that the Agency's safeguards, like other statutory activities, should be credible. Therefore, Member States should provide the minimum resources necessary to this effect. At the same time, the Secretariat shall make every effort to minimize the financial burden on Member States through an effective and efficient administration of the safeguards system.
- 3. A review of the modernization, and the flexibility and cost-effectiveness of safeguards working methods shall be carried out and the Board shall be informed of the outcome. The aim of this exercise shall be to enhance the effectiveness and efficiency of the IAEA's safeguards system, while maintaining its credibility.
- 4. The results of the review of the needs of Major Programme 6 shall be presented to the Board of Governors.
- 5. The increase in the Regular Budget shall be phased in over a period of four years. The estimates for the biennium 2006–2007 are subject to consideration and decision by the Board of Governors, on the basis of detailed budget estimates to be presented by the Director General, in accordance with figures enclosed in Annex 1, the results of the reviews mentioned in points 3 and 4 above and the Medium Term Strategy for 2006–2011.
- 6. Concerning Core Activities Unfunded in the Regular Budget (CAURBs), the Secretariat shall:
- further clarify and refine the criteria for ranking and prioritizing activities,
- periodically inform the Board of Governors about their implementation,
- during the phasing-in period, implement to the extent possible the unfunded CAURBs.

### **B.2. Technical Co-operation**

- 7. Technical Co-operation Fund (TCF) targets for 2003 and 2004 shall remain as previously agreed.
- 8. From 2005 onwards, TCF targets shall be negotiated, taking into account the voluntary nature of the contributions to the TCF, based on the changes in the level of the Regular Budget and the price adjustment factor in the corresponding years.
- 9. Under the one-house policy, the results based approach shall be applied to the programming of technical co-operation (TC).
- 10. The Secretariat shall report to the June 2004 meeting of the Board on the implications of harmonizing the Agency's regular and TC budget cycles, for a decision at the September 2004 meeting of the Board on whether to recommend synchronization in 2008.
- 11. In order to make the resources of the TCF assured and predictable, a review of the rate of attainment mechanism shall take place during the next Technical Assistance and Co-operation Committee (TACC) meeting.
- 12. The Secretariat shall inform the Board of Governors about the application of the due account mechanism to Member States.

- 13. A more proactive role of the Secretariat is needed to seek resources to implement footnote  $\underline{a}$  projects, starting with projects approved in the 2003–2004 technical co-operation programme.
- 14. The Board of Governors shall encourage Member States to provide sufficient extrabudgetary resources to implement approved footnote a projects.

### **B.3. Other Measures**

- 15. De-shielding of Category 1 Member States shall begin by 1 January 2006, with the de-shielding of all other shielded Member States to begin by 1 January 2008. For this purpose, States members of the Group of 77 in Category 1 shall be considered by the Secretariat to be members of Category 2.
- 16. Assessed Programme Costs (APCs) shall be suspended in 2004, with a decision on the future of APCs, including the possibility of their abolition, reduction or reinstatement, or the development of an appropriate alternative mechanism, to be made following the presentation of the Secretariat's report to the June 2004 meeting of the Board.
- 17. The period of payment plans for arrears shall be extended from 5 to 10 years.
- 18. The evaluation of the Medium Term Strategy for 2001–2005 and the preparation of the Medium Term Strategy for 2006–2011 shall be jointly undertaken by Member States and the Secretariat. The Board of Governors shall take appropriate measures to this effect.

# C. Recommended Action by the Board

The Board is recommended to:

- 1. Approve the Package Proposal as outlined in sections B.1, B.2 and B.3 of this report, pending approval by the General Conference of the relevant measures included in the Package Proposal which fall within its purview as indicated below.
- 2. Recommend to the General Conference, for approval, at its forthcoming 47th regular session:
  - a) A total regular budget figure for 2004 of \$268 534 000 on the basis of an exchange rate of €0.9229 to \$1.00, and adoption of draft resolution A in Annex 3 on the Regular Budget Appropriations for 2004¹ (see attached Annex 2 on the detailed appropriations for the programme for 2004).
  - A target for voluntary contributions to the Technical Co-operation Fund for 2004 of \$74,750,000, and adoption of draft resolution B in Annex 3 on the Technical Co-operation Fund Allocation for 2004;
  - c) Maintenance of the level of the Working Capital Fund in 2004 at its current level of \$18 000 000, and adoption of draft resolution C in Annex 3 on the Working Capital Fund in 2004;

<sup>&</sup>lt;sup>1</sup> This draft resolution Annex will be redistributed with the completed attachment (Adjustment Formula in US Dollars) as soon as finalised.

- d) Postponement of the implementation date of de-shielding from 1 January 2004 (General Conference Resolution GC(44)/RES/9) to 1 January 2006 for Category 1 Member States, and to 1 January 2008 for all other shielded Member States. For this purpose, States members of the Group of 77 included in Category 1 shall be considered by the Secretariat to be members of Category 2.
- 3. Suspend, as provided for in Financial Regulation 13.02, in respect of the regular session of the General Conference for 2003, the application of Financial Regulation 3.05 (e), which stipulates that the Programme and Budget documents and draft resolutions adopted and recommended by the Board of Governors shall be transmitted to all Member States at least six weeks before the opening of the regular session of the General Conference at which the documents in question and draft resolutions are to be considered, having regard to the delayed adoption and recommendation by the Board of the Agency's Programme and Budget for 2004-2005.
- 4. Request the Secretariat to take the necessary actions on the elements of the Package Proposal as approved.

### **CHAIRMAN'S CONCLUSION**

### **Report of the Programme and Budget Committee**

Shall we proceed at this stage to take a decision on the report of the Co-Chairs of the Informal Open-Ended Working Group on the Programme and Budget, as contained in document GOV/2003/48?

It is so decided.

May I take it that the Board wishes to approve the Package Proposal as outlined in sections B.1, B.2 and B.3 of document GOV/2003/48, pending approval by the General Conference of the relevant measures included in that package which fall within its purview?

It is so decided.

May I take it that the Board wishes to recommend to the General Conference, for approval, at its forthcoming 47<sup>th</sup> regular session:

a) A total regular budget figure for 2004 of US \$268,534,000 on the basis of an exchange rate of €0.9229 to \$1.00, and adoption of draft resolution A in Annex 3 on the Regular Budget Appropriations for 2004;

It is so decided.

b) A target for voluntary contributions to the Technical Co-operation Fund for 2004 of US \$74,750,000, and adoption of draft resolution B in Annex 3 on the Technical Co-operation Fund Allocation for 2004;

It is so decided.

c) Maintenance of the level of the Working Capital Fund in 2004 at its current level of US \$ 18,000,000, and adoption of draft resolution C in Annex 3 on the Working Capital Fund in 2004;

It is so decided.

GC(47)/INF/7 Attachment 2 Page 2

d) De-shielding should begin by 1 January 2006 for Category 1 Member States, and by 1 January 2008 for all other shielded Member States. For this purpose, States members of

the Group of 77 included in Category 1 shall be considered by the Secretariat to be members

of Category 2?

It is so decided.

May I further take it that the Board wishes to suspend, as provided for in Financial

Regulation 13.02, in respect of the regular session of the General Conference for 2003, the

application of Financial Regulation 3.05 (e) which stipulates that the Programme and Budget

documents and draft resolutions adopted and recommended by the Board of Governors shall be

transmitted to all Member States at least six weeks before the opening of the regular session of

the General Conference at which the documents in question and draft resolutions are to be

considered, having regard to the Board's delayed adoption and recommendation of the Agency's

Programme and Budget for 2004-2005?

It is so decided.

May I take it that the Board wishes to request the Secretariat to take the necessary actions

on the elements of the Package Proposal as approved?

It is so decided.

And, finally, may I take it that the Board wishes to express its appreciation to the Co-

Chairs of the IOWG, H.E. Ambassador Javier Paulinich of Peru and H.E. Ambassador Antonio

Nuñez of Spain for their tireless and constructive efforts that have made it possible to reach this

delicately balanced compromise?

It is so decided.

I thank you all.
