Austria**ratified 22 Dec 1988**

[Objection to the declaration of Pakistan - received on 12 October 2001]

"Austria has carefully examined the declaration made by the Government of the Islamic Republic of Pakistan at the time of its accession to the Convention on the Physical Protection of Nuclear Material, regarding article 2, paragraph 2.

Austria objects to the aforesaid declaration by the Government of the Islamic Republic of Pakistan to the Convention on the Physical Protection of Nuclear Material, which raises doubts with regard to the commitment of the Islamic Republic of Pakistan to the object and purpose of the Convention.

Although the declaration made by the Government of the Islamic Republic of Pakistan refers to the area "beyond the scope of the said Convention" the purpose of that declaration could be interpreted as if it also related to obligations within the framework of that Convention, such as obligations to make the offences described in article 7 of the Convention punishable under its national law or to cooperate with other States Parties in the field of criminal prosecution. Such interpretation would be incompatible with the object and purpose of the Convention.

This objection does not preclude the entry into force of the Convention between the Republic of Austria and the Islamic Republic of Pakistan."

[Objection to the declaration of Pakistan - received on 9 October 2001]

"The Government of the Kingdom of the Netherlands has examined the reservation made by the Government of the Islamic Republic of Pakistan at the time of its accession to the Convention on the Physical Protection of Nuclear Material, regarding article 2, paragraph 2. Norway**ratified 15 Aug 1985**

[Objection to the declaration of Pakistan - received on 17 October 2001]

"The Government of Norway has examined the contents of the reservation made by the Islamic Republic of Pakistan upon accession to the Convention on the Physical Protection of Nuclear Material.

According to paragraph 1 of the reservation, Pakistan does not consider itself bound by paragraph 2 of article 2 of the Convention. This paragraph extends the obligation of protection of nuclear material to such material while in domestic use, storage and transport. The provision aims at averting the potential dangers posed by the unlawful taking and use of nuclear material. Norway therefore objects to paragraph 1 of the reservation, as it is contrary to the object and purpose of the Convention and thus impermissible according to well established treaty law.

This objection does not preclude the entry into force in its entirety of the Convention between the Kingdom of Norway and the Islamic Republic of Pakistan. The Convention thus becomes operative between Norway and Pakistan without Pakistan benefiting from the said part of the reservation."

"The Government of the Kingdom of Spain has carefully examined the reservation made by the Government of the Islamic Republic of Pakistan at the time of its accession to the Convention on the Physical Protection of Nuclear Material, regarding Article 2, Paragraph 2.

The Government of the Kingdom of Spain objects to the aforesaid reservation by the Government of the Islamic Republic of Pakistan to the Convention on the Physical Protection of Nuclear Material, which puts in question Pakistan's commitment to the object and purpose of the Convention.

This object does not preclude the entry into force of the Convention between the Government of the Kingdom of Spain and the Islamic Republic of Pakistan."

Switzerland**ratified 09 Jan 1987**

[Objection to the declaration of Pakistan - received on 19 October 2001]

"The Government of Switzerland has carefully examined the declaration made by the Government of the Islamic Republic of Pakistan at the time of its accession to the Convention on the Physical Protection of Nuclear Material, regarding article 2, paragraph 2 of this Convention.

The name assigned to a statement whereby the legal effect of certain provisions of a treaty is excluded or modified does not determine its status as a reservation to the treaty. The Government of Switzerland considers the declaration of the Government of the Islamic Republic of Pakistan in its substance as a reservation.

According to international law a reservation incompatible with the object and purpose of the treaty is not permitted. The Government of Switzerland is of the view that the aforesaid reservation raises doubts as to the commitment of the Islamic Republic of Pakistan to the object and purpose of the Convention. The Government of Switzerland therefore objects to this reservation.

This objection does not preclude the entry into force of the Convention between Switzerland and the Islamic Republic of Pakistan. The Convention enters into force in its entirety between the two States, without the Islamic Republic of Pakistan benefiting from its reservation."
