

60 Years

IAEA

Atoms for Peace and Development

Session I:

An Overview of the Technical Cooperation Programme

Delivering results for peace and development

Najat Mokhtar

Director

Division for Asia and the Pacific

Department of Technical Cooperation

Session Objectives

To provide an overview of the technical cooperation (TC) programme:

- What is the IAEA's TC programme?
- Management of the TC programme
- Delivery of the TC programme

IAEA MANDATE

To accelerate and enlarge the contribution of atomic energy to **peace, health and prosperity** throughout the world.

*Atomic energy for peace and **development***

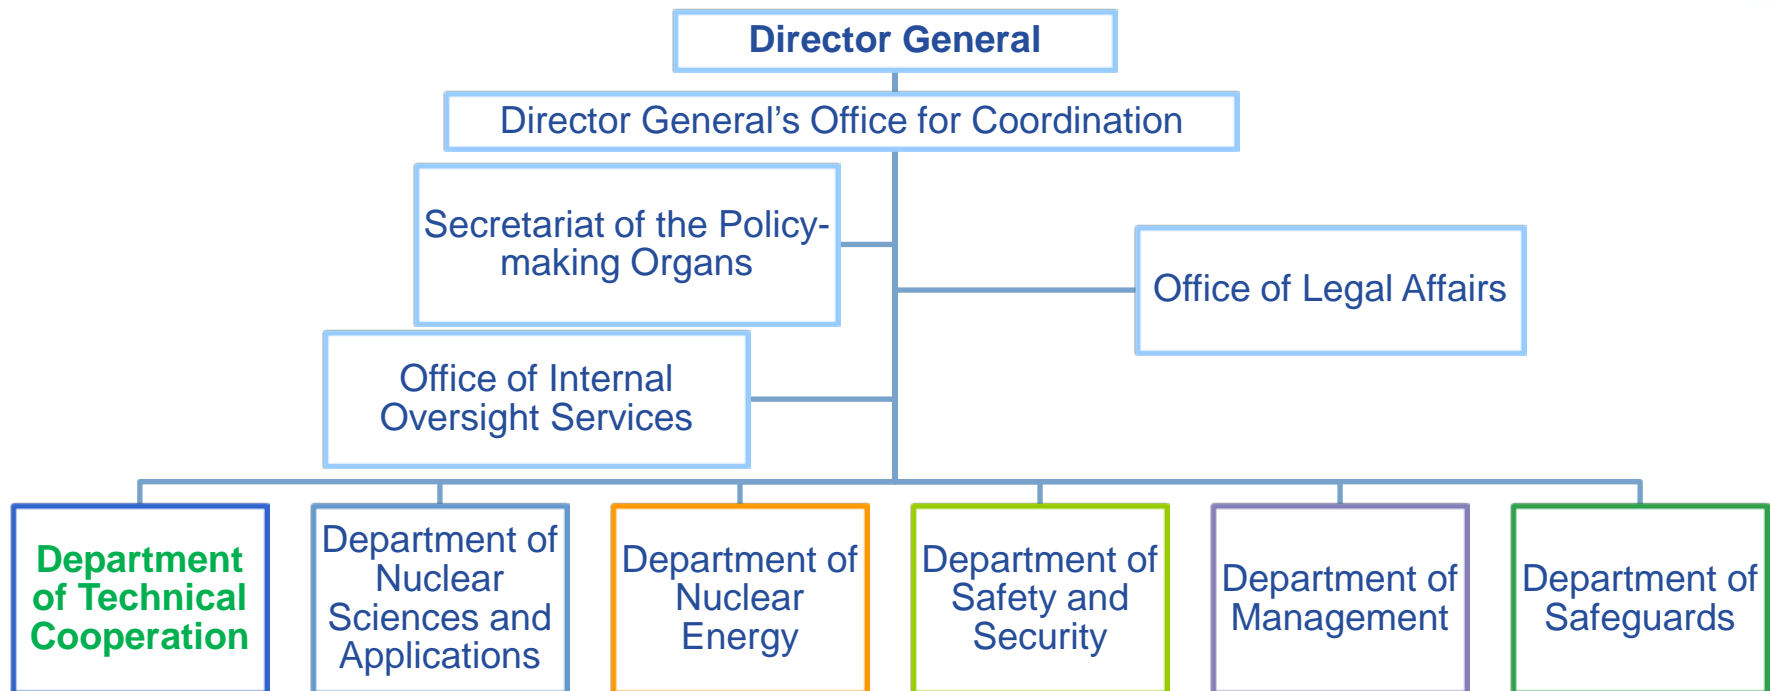

IAEA

International Atomic Energy Agency

TC Strategic Goal

To increasingly promote tangible socio-economic impact by contributing directly in a cost-effective manner to the achievement of the major **sustainable development priorities** of each country.

IAEA Organizational Structure

Technical Cooperation Department

- Interface between Member States and the Secretariat
- Management of TC programme in cooperation with technical Departments
- Vehicle to support programme implementation and monitoring across the IAEA

What services does the TC Programme provide?

Training
fellowships &
scientific visits

Equipment &
materials

Training courses
& workshops

Capacity building
Networking
Knowledge sharing
Partnership building

TC Programme aims to support
sustainable socioeconomic
development in Member States

**Technical Cooperation
(TC) Projects**

Expert
assistance

Conferences,
symposia &
seminars

Contributing to Sustainable Development

Water & Environment

Energy

Health & Nutrition

Food & Agriculture

Radiation Technology

Safety

Knowledge Management

Where do we work? (2016)

Expert and lecturer assignments **3777**

Fellowships and scientific visits **1701**

Participants in regional and interregional training courses **3114**

EUROPE

ASIA AND THE PACIFIC

LATIN AMERICA

AFRICA

Regional and interregional training courses **193**

Countries/territories receiving support **146**

National TC Projects

- Need/country driven
- Address problems/needs at the national level
- Build on or establish infrastructure
- May involve more than one counterpart / institution

Regional TC Projects

- Build on existing national infrastructure
- Address problems/needs at the regional level
- Promote Technical Cooperation among Developing Countries (TCDC)
- Mainly targeting human resource development
- Create links between regional institutions
- Aim to share information / expertise and experience

Interregional TC Projects

- Address problems / needs of several states in different regions
- Address transboundary issues
- Transregional, global, capacity building
- Deliver support across national and regional boundaries
- Small number of projects
- Mainly targeting human resource development

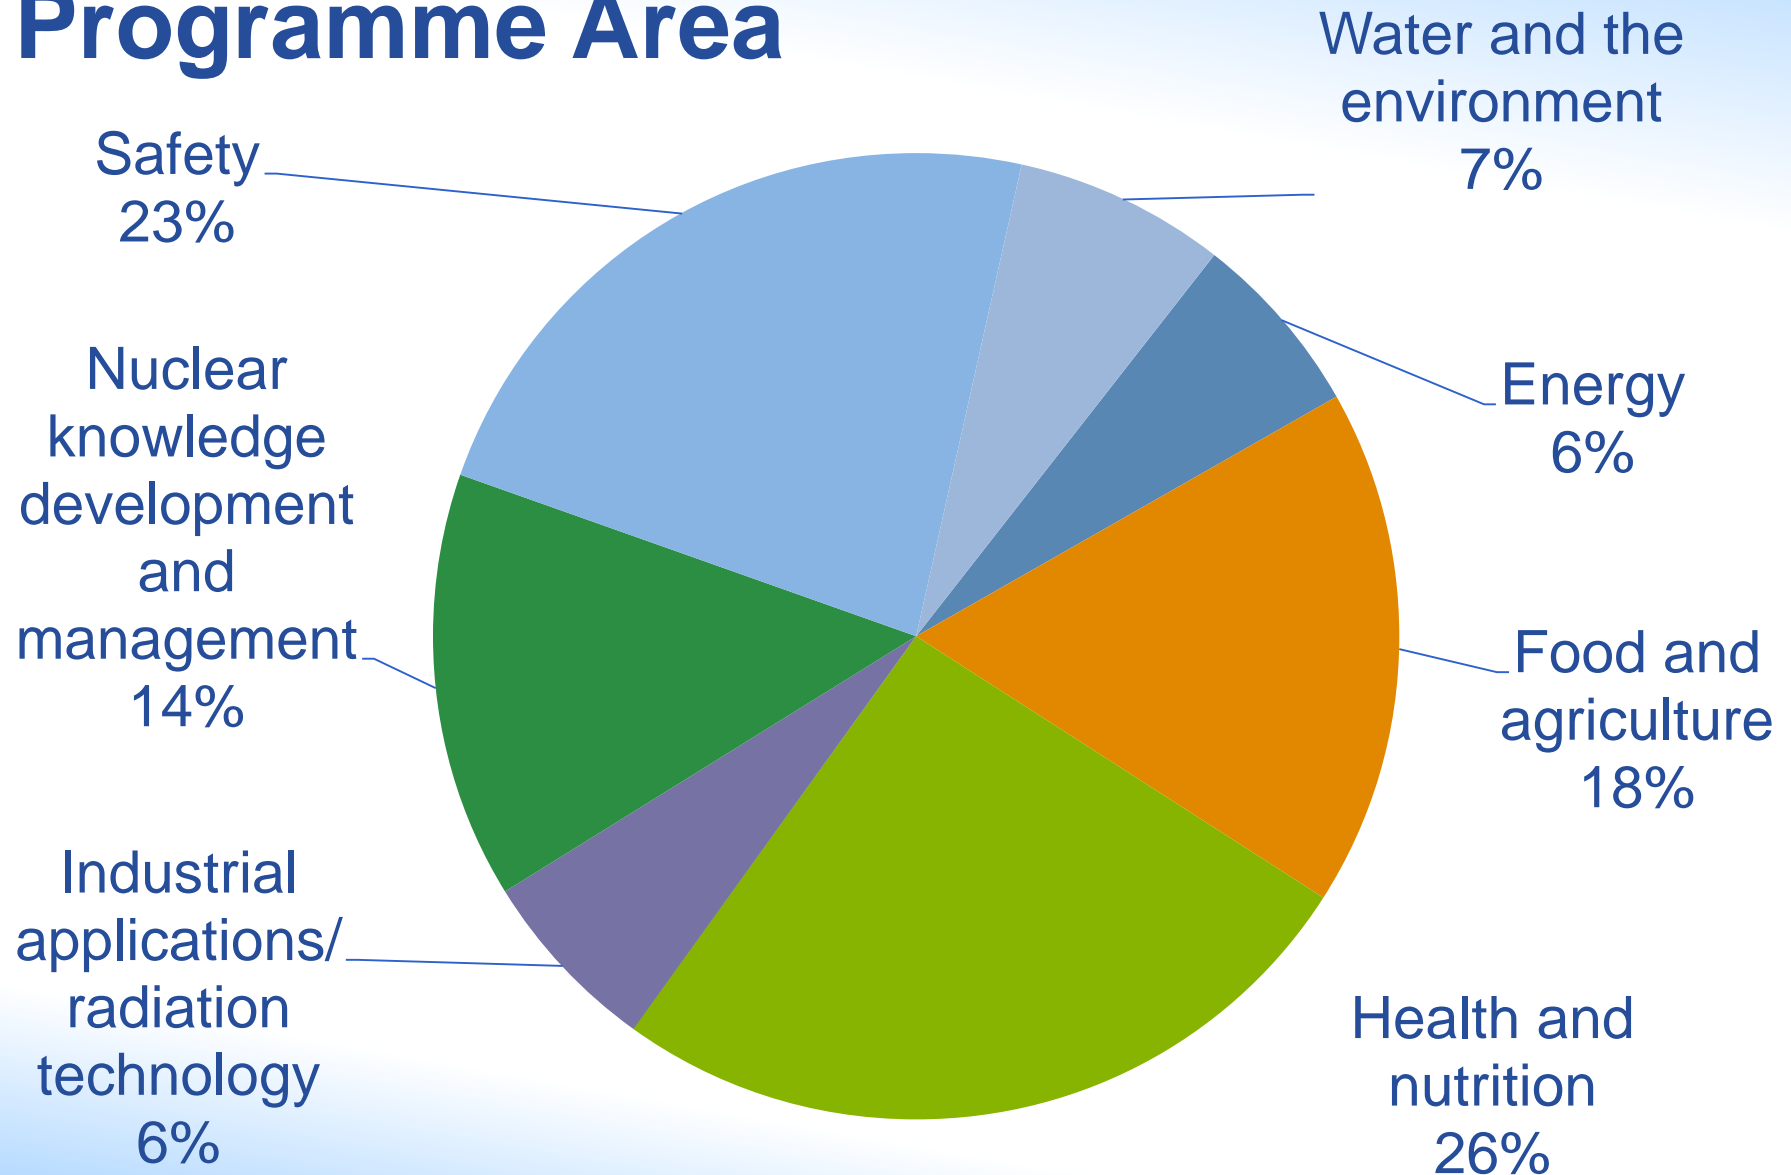

Contributing to Sustainable Development

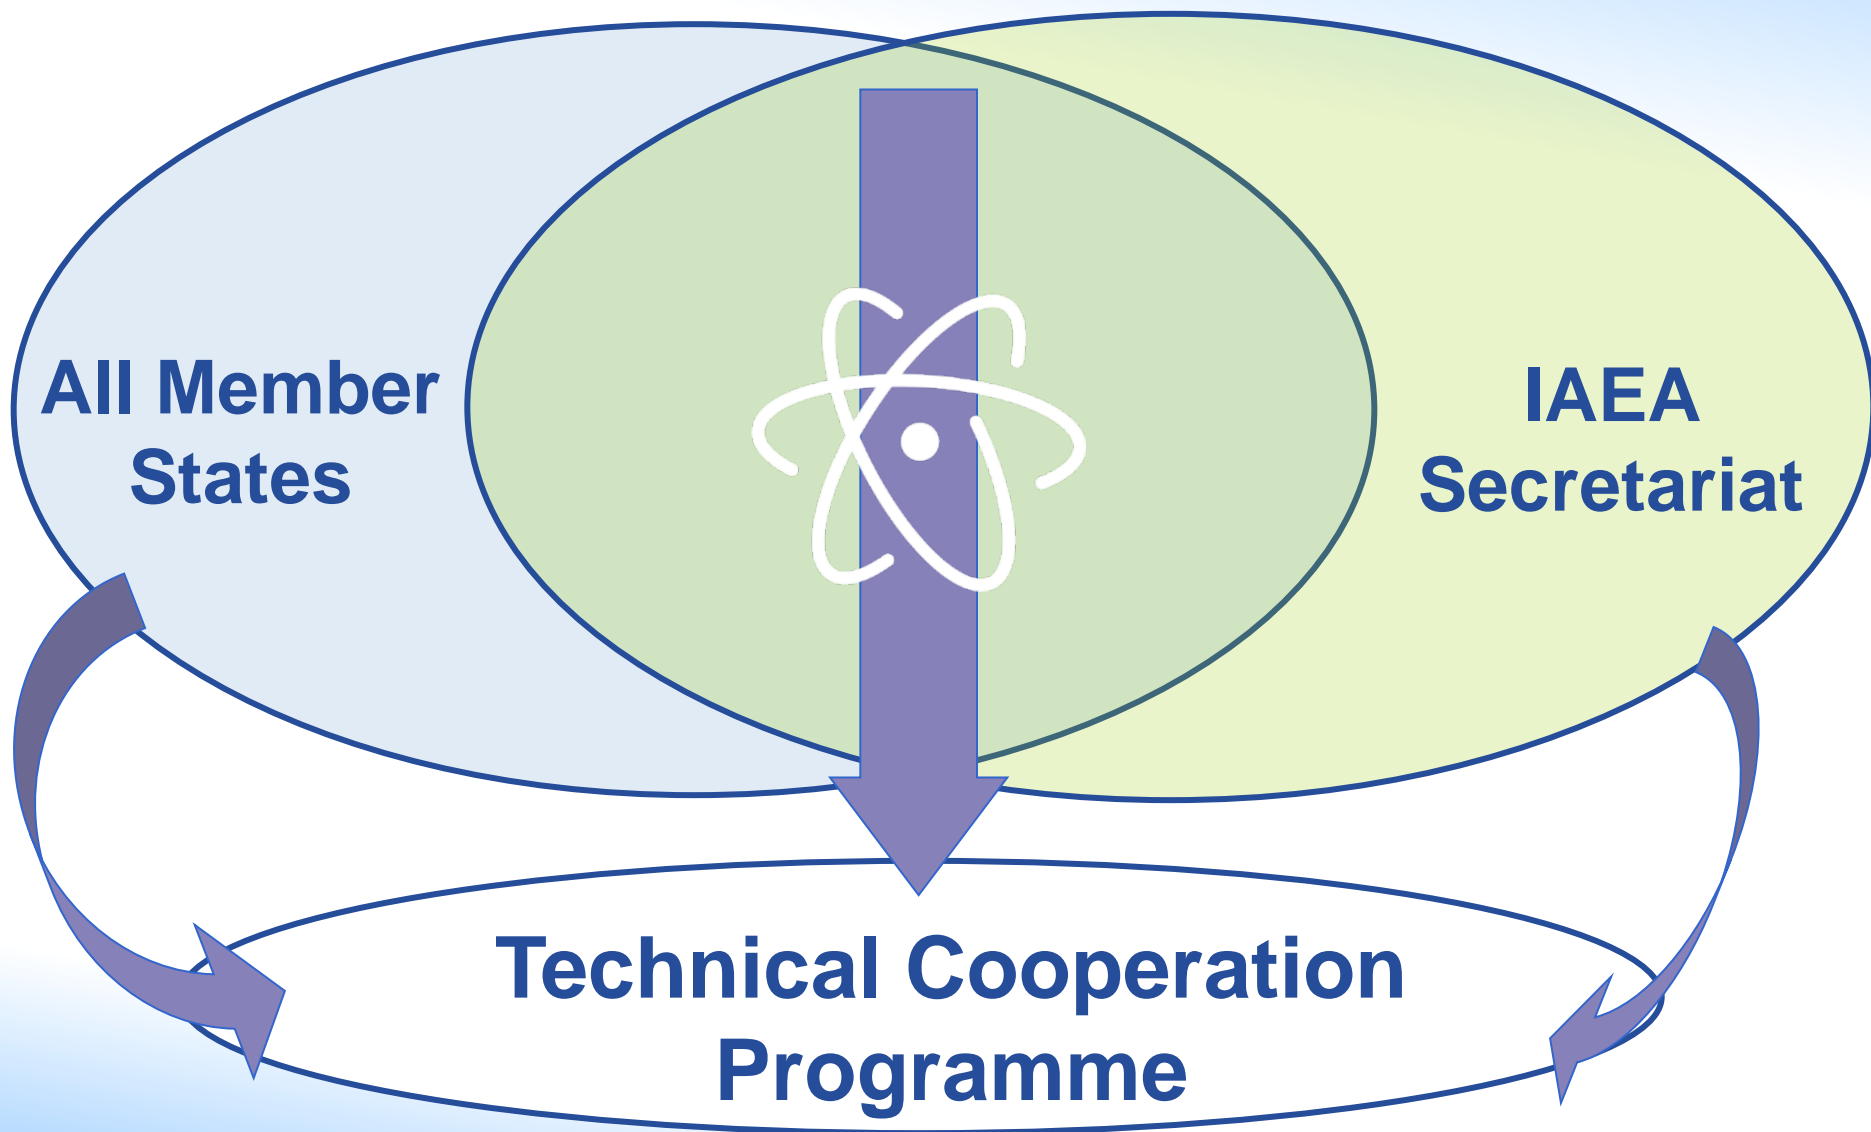

PACT support to IAEA Member States in Integrating radiotherapy into a comprehensive cancer control programme through:

- Assessing national cancer control capacities through impact and follow-up activities
- Supporting resource mobilization for cancer related activities
- Partnerships building to support the implementation of cancer related TC projects
- Other relevant activities

TCP 2016 Actuals by Programme Area

A shared responsibility

Technical
Cooperation
Programme
